NEW YORK, Nov. 8.—[To the Editor of The Times:] Offerings pouring in all day for the purchase of the Democrats. All want the title but no one wants any of the cast.

I bet preachers are looking for a new act election. It will take them months to get their minds back on religion.

Nobody knows yet who is Governor in this State. There is a Jewish fellow running and if he gets it and makes a good Governor for four terms, why the religious issue won't come up again for President till 1932.

Smith carried all the Democratic States he didn't go into, and Hoover had a cinch in all the Republican ones he didn't speak in. I believe a "dummy" candidate could have beat 'em both.

Yours,

WILL ROGERS.

# HOOPER TIDE STILL RISES

Total Vote Past 19,375,000

President-Elect Adds More Than 1,076,000 in Day and Smith About 730,000

Winner Has Texas Lead of 17,296 and Plurality in New York of 97,492

NEW YORK, Nov. 8.—[Tabulation of scattered additional returns from twenty-one States has pushed Hoover's national total past 19,375,000 and Smith's past 19,370,000.

With the votes of Tuesday's polling still far from complete, the unofficial standing tonight was: Hoover, 19,376,449; Smith, 19,371,494.

The President-elect added more than 1,076,000 during the preceding twenty-four hours and Gov. Smith about 730,000.

There is little likelihood of any shift of electoral votes of any State from either Hoover's column or that of Alfred E. Smith, his defeated Democratic opponent, as a result of the returns from the districts yet untabulated.

Among the returns during the day from Southern and border States, Hoover showed a gain of 100,000 in Texas with a majority of 17,296 from 251 out of 253 counties; Virginia, a 24,143 majority.

President-Elect Enjoys Rest

Secret Service Men Throw Cloak of Officialdom Around Hoover

Messages from Thousands Breathe Confidence in Coming Era

STANFORD UNIVERSITY, Nov. 8.—[In the quiet serenity of his home on San Juan Hill, which had been transformed overnight from the residence of a private citizen into the domicile of the President-elect of the nation, Herbert Hoover passed today into the period of relaxation which will refresh him for the task ahead.

The newly elected Chief Executive laid aside all thoughts of the future as he gave himself completely to the rest which will draw back some of the energy he spent in campaigning. Except for reading and answering some of the hundreds of congratulatory telegrams which continued to stream into his home Hoover gave no thought to the race behind or the future task of taking up the reins of government.

PRIVACY GONE

The President-elect was out at his usual early hour to breakfast with Mrs. Hoover. After a simple meal, the domestic staff for a walk into the hills, as they had done yesterday, but today the privacy had disappeared into the cloak of officialdom and secret service men plodded along behind them.

Their return carried them back to the same home in which they had enjoyed the friendliness of their neighbors during the years they have lived there. But the easy coming and goings now were barred, the doors guarded and the winding road around the hill blocked to all those who could not convince the secret service men of their right to passage.

Hundreds of curious persons drove up the curving roadways to the top of the hill during the day, seeking a glimpse of the home of the President-elect. But the house itself was hidden behind the crest of the hill and could be seen from but one point on the road below.

WILL SIGN ALL

While Hoover himself rested during the day, a corps of stenographers and secretaries were busy replying to the thousands of messages of telegrams and letters. The more important telegrams were answered in kind, but there were hundreds from the friends of the President-elect.

Each of these, however, will carry an autograph to the well-wisher in the form of the Secretary's signature of the President-elect.

The long and varied career of Hoover, the man, added greatly to the congratulatory messages. Although many messages came from strangers, from public officials and from persons whom he has met during his service as Secretary of Commerce, there were many hundreds from former mining associates in various parts of the world, from school friends and from persons who knew him from contact in his war relief and food administration activities.

One of the telegrams came from Gov. John Hammill of Iowa, informing him that the people of his State were celebrating the election. To him Hoover replied:

"Will you convey my greetings to the people of Iowa. I am deeply grateful for the support my native State has given to the cause of our party and for the neighborhood friendship they have shown to me."

There was also made public at the Hoover home hundreds of telegrams from national, State and Republican party officials and friends.

Vice-President Dawes telegraphed: "Congratulations upon your great victory and best wishes for a successful administration."

William Howard Taft, Chief Justice of the United States, sent this message:

"I deeply congratulate the country, and you on the overwhelming result."

These messages came from Cabinet officers:

Andrew W. Mellon, Secretary of the Treasury: "Needless to say your election is a matter of special gratification."

Owen J. Roberts, special oil prospector for government, recalls place.

# COUNTY HOOVER VOTE HUGE

Unprecedented Majority for G.O.P. Nominee Rises to Amazing Figure of 302,591

With the Los Angeles county vote complete, Hoover received a plurality over Smith of 302,591, while the vote cast in the city showed conclusively that Los Angeles is the fourth city in population in the nation, preceding Detroit and following only New York, Chicago and Philadelphia.

More than 80 per cent of the registration of the county voted. This is far in excess of the voting percentage in any recent years. The total vote in the county was many thousands more than the total registration of 356,000 in 1924 and 388,000 in 1926.

Next to the Presidency, the judicial contest in which Superior Judge Doran retained his seat against George Bullock attracted the greatest number of voters, with only about 78,000 less votes being cast. Judge Doran's majority exceeded 182,000.

Thirteen Hundred on Board Compelled to Wait Throughout Night

NEW YORK, Nov. 8.—[Thirteen hundred passengers on the liner Leviathan had to stay aboard the ship all night while they waited for the tide to rise and the liner to be permitted to disembark until 7 a.m., tomorrow.

While 1000 friends of those aboard stood about on the pier, officials of the United States Lines explained that the Leviathan had missed the turn of the tide at 8:30 o'clock and could not be berthed before 1:30 a.m. The ship will be brought alongside the pier then they said, but the passengers will not be permitted to disembark until 7 a.m., tomorrow.

The liner was in an awkward position and it was feared any attempt to move her would have damaged both the ship and the pier. The tide had jammed her starboard bow against her own pier and amidships she was swung against the pier.

It was impossible to move her forward with her nose jammed against her own pier. Warrenton veterans said that never before in the port's shipping history had a large liner been placed in such a predicament.

The establishment of such groups of dormitories, to be known as "houses," was suggested three years ago in a report presented by a group of undergraduates appointed by the Student Council. The plan is designed to bring together, in a social community, students whose varying interests and ideals represent a fair cross-section of undergraduate life.

President Lowell, in his announcement, described it as the "capping stone" to the tutorial system which has been built up at Harvard during the last fifteen years.

Donovan to Sift Cannery Charge

SAN FRANCISCO, Nov. 8.—[Asst. U. S. Atty.-Gen. Donovan arrived here today from Washington, D. C., to investigate charges made by California peach growers that the California Cannery's League is violating the antitrust law.

U. S. Atty. Hatfield of San Francisco said Donovan might confer with the Elk Grove Telephone Company in Sacramento county. The company would issue \$61,200 of its common capital stock to pay for purchase.

SAN FRANCISCO, Nov. 8.—[Exclusive]—Public Utilities, California corporation, has applied to the Railroad Commission for permission to buy the Elk Grove Telephone Company in Sacramento county. The company would issue \$61,200 of its common capital stock to pay for purchase.

# FLAMING FLOOD OF ETNA

SWEEPS SICILIAN TOWNS

Terror-Stricken Population Flees; Three Men Trapped in Home Meet Death in Inferno

BY DAVID DARRAH

TAORMINA (Sicily) Nov. 8. (Exclusive).—The town of Mascal, where last week lived 6000 Italians, tonight is a swirling, incandescent caldron of lava thirty-three feet deep and another Pompeii has been added to the history of lost cities. Where Mascal stood will be marked for centuries hence by a huge blotch of rock, testifying to today's tragedy and the latest cataclysm of Mt. Etna.

The famous volcano took its first toll of life in this latest eruption today when three men, a father, son and grandson, were trapped in the center of the molten lava. The three had returned to their home in Mascal to rescue household goods and had slept there over night. When they woke up this morning they were unable to escape. Their fellow-townsmen were forced to stand helpless while the three perished in the rising lava.

No hope of an early cessation of the flow of lava is held out yet by volcano experts, who think the flow will continue in intensity for several days. Prof. Ponte of Etna Observatory said today that the eruption is now in the second phase. He hopes that the damage will be limited by keeping the lava stream in the bed of the river and to this end bridges are being dynamited in order that no obstacle may divert the lava in a lateral direction.

Besides Mascal, which is buried and Annunziata, which is partly buried, other towns menaced are San Alfio, Puntalano, Santa Venera and Vena and Pizzolungo.

Curiously, a statue to the war dead of Mascal was to have been dedicated next week. This statue now is beneath the lava stream and will remain for future generations to excavate.

Many sorrowing women sought permission from authorities to save the bodies of their dead in the country.

Another menace today was that the lava streams would cut off the electric lines, which would throw the whole of Eastern Sicily into darkness.

The Bishop of Archdeacon is spending all his time among the refugees and religious processions are being held to save the souls of the people.

About 40,000 people live on the slopes of Etna, which is one of the most fertile and best populated agricultural districts in the world. It should be remembered that the main crater of Etna is not in eruption.

Mixed in the throng along the roads are hundreds of automobiles, filled with curious sightseers, including many Americans and English tourists and also herds of cattle and goats. This continues steadily all night.

Accompanied by American Vice Consul Alexander P. Cruger of Messina, I made a complete tour of the lava fields this afternoon and tonight. We saw the lava stream, the lava masses, which smolder and smoke during the day and turn red at night. We saw the black funnel which has become Mascal and watched Annunziata, its sister town half a mile distant, gradually being swept into the molten moraine.

As the lava stream cooled slightly, there was a momentary halt and then the added volume of the steam.

Then circling the end of the lava, we ascended the slope of the mountain and came down to the very edge of the lava stream where the hot breath of smoldering air compelled us to leave the automobile behind for fear of igniting the gasoline. A thin, cooled layer of gray ashes laid over the inner molten mass of lava and we were able to approach within a few yards and pick up lumps of lava still hot.

# RECORD MADE BY McCLELLAN

Supervisor First Ever to Win Re-election for Four Successive Terms

Supervisor McClellan by winning re-election in his contest with Mayor Hock of Culver City broke a Los Angeles county record.

He has been returned to the office of Supervisor for four successive terms, the first time this ever occurred in this county.

Hundreds of friends telephoned or called with congratulations yesterday after it had been established that his majority is 6935. He was elected to his present office for the first time in 1918, and has served as chairman of the board for several years.

Simple Gland Operation Soon Repays Its Reasonable Cost

In some quarters there is a mistaken idea as to the expense or cost involved in having a knifeless gland operation by Dr. Clayton E. Wheeler. By comparison, it is surprisingly inexpensive. Financially, the fee is nominal; there are no hospital or medical charges and no loss of time from usual activities.

### NEARLY 16,000 OPERATIONS PERFORMED

Dr. Wheeler has performed almost 16,000 of his knifeless operations in the past several years and his former grateful patients are to be found in every part of the land. His astonishing booklet is sent the sick without cost—write or call in person for it.

## OIL PROSECUTOR ROBERTS QUILTS

Coolidge Lauds Efforts in Accepting Resignation

Millions Recovered Bring President's Praise

Lawyer Retires as Private Practice Suffers

WASHINGTON, Nov. 8. (AP)—President Coolidge today accepted the resignation of Owen J. Roberts, special counsel for the United States in the oil case, effective immediately.

In his letter accepting the resignation President Coolidge expressed gratitude on behalf of the government "for the fidelity and energy with which you have prosecuted these cases which have returned to the United States all the property in question and many millions of dollars in money."

**POWERS STAYS**  
Roberts tendered his resignation because under the Senate joint resolution calling for his appointment he was prevented from taking up any cases of his own which had any connection with the government. Albee Powers, with whom Roberts was associated in the prosecution of the case, will continue in his present position and conclude the remaining work.

Roberts and Powers were appointed special prosecutors in the oil case after the Senate investigation of the oil scandal in 1922 and 1923 brought to light the leasing of Teapot Dome to Harry F. Sinclair by former Secretary of the Interior Albert B. Fall. In the series of prosecutions which followed, indictments were returned against Fall and Sinclair in the Teapot Dome case, and against E. L. Doherty, his son, and Fall in the case growing out of the leasing of the Elk Hills naval reserve in California to Doherty.

**SUE FOR LANDS**  
In addition to the criminal cases the special prosecutors brought suit for the recovery of the Teapot Dome naval reserve in Wyoming from the Mammoth Oil Company, which took over the Sinclair lease and the Elk Hills reserve. They carried these cases to successful conclusion before the Supreme Court of the United States which returned to the government the reserve valued at between \$50,000,000 and \$100,000,000.

Sinclair, charged with conspiring to defraud the government in the Teapot Dome case, was acquitted by a jury and Fall remains to be tried on the same charge. Doherty and Fall were acquitted of conspiring to defraud the government in the Elk Hills case, but an indictment charging them with giving and accepting bribes remains on the court calendar. A charge of bribery against the younger Doherty was not pressed.

**COOLIDGE'S LETTER**  
President Coolidge's letter read: "Concerning my wife accepting your resignation as special counsel for the United States, appointed in accordance with Senate Joint Resolution No. 44 of the Sixty-eighth Congress, I am sending you this letter. I understand your reluctance to retire, which is made necessary by your being disqualified from accepting employment from any client having matters which must be taken up with any of the various departments of the government, and your feeling that as there is little to be done at the present time, you ought not to continue in a position which hampers you in the active practice of the law. I also appreciate your suggestion that if the Congress would amend this resolution so as to relieve the present situation you would be willing to accept a reappointment and that you are willing at all times to give any assistance you can, whether legally employed or not."

"I want to express my gratitude to you on behalf of the government for the fidelity and energy with which you have prosecuted these cases, which have returned to the United States all the property in question and many millions of dollars in money. The work which you and Senator Powers have done has been of the highest legal quality and will always commend itself to those who may examine it."

### ROBERTS IN STATEMENT SAYS WORK NEAR DONE

PHILADELPHIA, Nov. 8. (AP)—Owen J. Roberts in a statement issued here after the White House announcement of his resignation announced in the oil case, said there are but few matters yet to be concluded by special counsel, none of which will require further preparation of material or extended service in court, but some of which may not be ended for a number of months.

### Republican Wins Democrat Race

LAWRENCE (KARL) Nov. 8. (AP)—A Republican running on the Democratic ticket was elected County Attorney of Douglas county in Tuesday's election.

Harry Frasse filed for the Republican nomination but was declared ineligible because of a technical mistake in his filing papers. Though Democratic, however, wrote in his name in the August primary to nominate him as their candidate.

Frasse received a majority of 3146 votes in Tuesday's election over George Melvin, Republican incumbent.

### WOMAN ON STAGE TRIP TRIES SUICIDE

SAN FRANCISCO, Nov. 8. (AP)—Mrs. Lucy May Buckminster, 47 years of age, of San Francisco, tried to commit suicide by taking poison while in a motor stage bound for Los Angeles, San Francisco police were informed by San Mateo police today. Mrs. Buckminster was taken to a hospital and is expected to live. She was believed to be en route to Los Angeles to visit her father and brother.

RADIO CHANGE  
DOUBTS VANISH

Stations to Broadcast With  
New Wave Lengths

Reallocations Effective 3 a.m.  
on Sunday

Acquiescence to Federal  
Order General

BY MARTIN CODEL  
(Copyright, 1928, by North American  
Newspaper Alliance)  
WASHINGTON, Nov. 8. (Exclu-  
sive)—Any lurking doubt whether  
the radio reallocation will go into  
effect as scheduled at 3 a.m. next  
Sunday now may be dispelled posi-  
tively. Nearly every broadcasting  
station in the United States will be  
heard next Sunday and thereafter  
on new wave lengths or with new  
power and time assignments. The  
reallocation means changed dialing  
habits for millions of radio set op-  
erators in this country and Canada.  
Interest in the allocation project  
—the most important step toward  
improving radio reception conditions  
ever taken by the Federal Radio  
Commission—has been dwarfed by  
the national election. The project  
was delayed purposely until after  
the elections in order not to disturb  
the rule radio was destined to play  
in the campaign and in reporting  
the results.

STATIONS INFORMED  
All broadcasting stations have  
been informed what their new wave  
length powers and hours of opera-  
tion will be. New licenses have not  
been sent to all of them on account  
of clerical handicaps. The alloca-  
tion order is in their hands, how-  
ever, and those that have not yet  
received their licenses by the mail  
will be authorized by the telegraph  
to make the necessary shifts.

In the ranks of the broadcasters,  
there now seems to be general ac-  
quiescence to the commission's order.  
There are still some dissatisfied  
communities, like Brooklyn, N. Y.,  
and some parts of Iowa, where cer-  
tain stations are to have fewer op-  
erating hours than they formerly  
enjoyed. There are more dissatis-  
fied station operators, but while  
many have sought and obtained  
hearings before the commission on  
their complaints, none yet has  
seen fit to carry his case to the  
courts.

TIME DIVIDED  
Even WGY, Schenectady, one of  
the pioneer stations and with one  
of the widest audiences, on account  
of its superpower, is expected to  
adhere to its new assignment. It  
goes on the wave length of KGO,  
Oakland, Cal., operating there un-  
til darkness settles over the Pa-  
cific Coast, when it must sign off,  
on account of possible interference.  
The General Electric Company,  
owner of the station, has been  
among the loudest in its opposition  
to its assignment under the alloca-  
tion.

The only legal case pending does  
not involve an allocation assign-  
ment. It is that of WGBH-WOK,  
Chicago, which was ordered off the  
air altogether some time before the  
allocation order, and the owners of  
which contend they have been de-  
prived of their property without  
just compensation. Louis O. Cald-  
well, the commission's chief coun-  
sel, is now in Chicago to argue its  
case before Federal Judge Wilker-  
son. It is expected to be an out-  
standing test of the validity of the  
Radio Act and the commission's  
powers.

CHANNELS CLEARED  
Four of the five members of the  
commission are committed to the  
basic plan of the reallocation. Its  
general features are the clearance of  
forty of the ninety available chan-  
nels for high-power broadcasting,  
the designation of thirty-five chan-  
nels for interference-free opera-  
tion of stations of intermediate  
power, widely separated geograph-  
ically and the crowding of the low-

CITY SLANDERED,  
IT SAYS IN SUIT

Albany, Cal., Asks \$10,000  
Damages of Professor  
Who Criticized It

OAKLAND, Nov. 8. (P)—  
The city of Albany, asserting  
that Prof. W. F. Meyer of the  
University of California slan-  
dered the name of the city of  
his residence, filed action  
today for \$10,000 actual and  
punitive damages. Meyer and  
fifty-two other residents last  
September opposed a proposed  
school bond issue and distrib-  
uted a circular in which the  
financial standing of the city  
was criticized.

The Albany City Attorney  
in the complaint asserted that  
Meyer among other state-  
ments falsely charged the city  
borrowed money at 7 per cent  
interest to pay municipal em-  
ployees and faced the neces-  
sity of levying a special as-  
sessment for municipal pur-  
poses.

\*\*\*\*\*  
powered local stations on a few  
wave lengths.  
All of the commissioners favor-  
able to the allocation project have  
stated, both formally and inform-  
ally, that they are confident the re-  
allocation will provide improved  
radio reception, particularly in  
rural America. By improvement,  
they mean freedom from such con-  
trollable factors as heterodyne  
whistles and howls due to crowd-  
ing of single waves with too many  
stations situated too near each other.  
They can, of course, furnish no re-  
lief from such elements as static  
and fading.

PUBLIC INTEREST  
Chairman Robinson's acute op-  
position to the reallocation, on  
the grounds that it is too severe and  
revolutionary, has been overrid-  
den by his colleagues and he has  
avoided taking part in the delibera-  
tions that concerned it. His col-  
leagues, two of them Republicans  
and two of them Democrats, have  
insisted that they have striven to  
comply with the terms of the equal-  
ization amendment on an engi-  
neering basis and with the public  
interest solely in mind. They point  
to the fact that the whole project  
was undertaken with the aid of a  
corps of qualified radio engineers,  
headed by Dr. J. H. Dellinger of the  
Bureau of Standards and Capt. Guy  
Bill of the Army Signal Corps and  
that it has their stamp of ap-  
proval.

Orphan Home  
Slated to Get  
Hutton Estate

SPOKANE (Wash.) Nov. 8. (P)—  
Details are being worked out to  
turn over virtually the entire es-  
tate of Levi W. Hutton, valued at  
\$1,250,000, to the Hutton Settlement,  
a haven for homeless widows.  
The estate was founded by him in 1917. The  
orphanage is given the estate by  
terms of Hutton's will.  
Mr. Hutton, who made his fortune  
in the Hercules mine in the Coeur  
d'Alene region of Idaho, died Satur-  
day. He left his brother, Stephen  
A. Hutton, Vancouver, Wash., \$10-  
000 and members of the board of  
directors of the settlement each  
were left \$100. The balance of the  
estate is to be placed in trust, the  
income to be used for the main-  
tenance of the settlement.

Reds Routed in  
Scotch Election

EDINBURGH (Scotland) Nov. 8. (P)—  
Labor, after widespread victor-  
ies in the English municipal elec-  
tions, made a keen fight in the  
Scottish municipal elections yester-  
day but failed to gain much suc-  
cess.  
In Glasgow Labor made a net  
gain of one seat. Elections in  
Edinburgh, Dundee and  
Greenock resulted in gains of three  
seats by the Moderates, who have  
majorities in a large number of  
places.  
The Moderates also captured four  
seats—two each from Labor and  
Communists—at Lochelly in  
the heart of the Fife coalfields. One  
of the defeated candidates there is  
the president of the Fife and Kin-  
ross Miners' Association.  
The outstanding feature was the  
route of Communist candidates  
throughout Scotland.

Gangster Shot  
in Philadelphia

PHILADELPHIA, Nov. 8. (P)—An-  
other victim of gangsters' guns  
was near death in a hospital to-  
day, his body riddled with eleven  
bullets. His recovery, physicians  
said, is doubtful.  
He is William Dennis, asserted  
leader of an underworld band. His  
brother was shot down in a gang  
feud less than three weeks ago.  
Dennis was shot as he stood on a  
street corner last night when an  
automobile sped past him pumping  
out a fusillade of shots. He re-  
fused to reveal the identity of his  
assailants.  
Dennis and his brother were wit-  
nesses in a murder case several  
weeks ago. If he dies he will be  
the twenty-eighth victim of gang  
shootings which are now being in-  
vestigated by a special grand jury.

BOSNIA MINE BLAST  
TAKES TOLL OF LIFE

BELOGRADE (Jugo-Slavia) Nov. 8. (P)—An explosion in a coal mine  
at Kakanj, Bosnia, took the lives  
today of an undetermined num-  
ber of miners. Twelve men, seri-  
ously injured, were taken from the  
mine.

OUTLOOK ROSY  
FOR FARM BILL

Measure Believed Likely to  
Pass This Winter

Hoover Principle of Board  
Would be Included

McNary at Work Drafting  
Revised Proposal

WASHINGTON, Nov. 8. (Exclu-  
sive)—Farm-relief legislation along  
lines approved by President Cool-  
idge and squaring with President-  
elect Hoover's campaign promises  
may be enacted at the coming short  
session of Congress, eliminating the  
necessity for a special session of  
the new Congress, which comes in  
March 4, next.  
The feeling in political quarters  
here is that the Hoover landslide  
has so clarified the political atmo-  
sphere on this important domestic  
issue that Congress at the Decem-  
ber session speedily will put through  
a measure satisfactory both to  
President Coolidge and Mr. Hoover  
and all with the loss of very little  
time and without serious inter-  
ference with the appropriation bills,  
which will be the main business  
before the last session of the dying  
Seventieth Congress.

BOARD TO BE INCLUDED  
Such a bill would be the McNary-  
Haugen proposal minus the equal-  
ization fee, which twice drew a  
veto from President Coolidge, but  
embodying the Hoover principle of  
a farm board supplied with ade-  
quate funds to take over and con-  
trol the surplus crops of the coun-  
try and with additional power along  
co-operative marketing lines.  
Senator McNary of Oregon, chair-  
man of the Senate Agricultural  
Committee, is in Washington now  
working on a measure, which he  
plans to introduce as soon as Con-  
gress reconvenes next month. It  
will contain no provision for an  
equalization fee. Having twice bud-  
den his head against a stone wall,  
McNary is ready to compromise.  
He was an early adherent to the  
Hoover cause and campaigned for  
the Republican national ticket. It  
is probable that Representative  
Haugen of Iowa, the other half of  
the famous McNary-Haugen farm-  
relief combination, will sponsor the  
modified farm measure in the  
House. Haugen also was won over  
to Hoover during the campaign, and  
in recent statements has expressed  
his confidence that the President-  
elect can successfully solve the farm  
problem.

CONGRESS FRIENDLY  
If suitable farm legislation can  
be enacted at the coming session  
of Congress there will be no com-  
pelling reason for an extra session  
immediately following inauguration  
March 4, and Mr. Hoover can have  
until December of 1929 to get ready  
for his first bout with Congress.  
This is not a particularly impor-  
tant consideration, however, as all  
indications are that the new Con-  
gress with its enhanced Republican  
majority will deal most favorably with  
the legislative recommendations of the  
new President. A special session al-  
ways is a business matter, and the  
country generally and according  
to Mr. Hoover's friends here is to  
be avoided if possible.  
Senator Borah of Idaho, who has  
been at the forefront of the Hoover  
campaign, made a statement to  
newspaper men today renewing his  
advocacy of a special session imme-  
diately following March 4. His opin-  
ion is that there will not be time  
in the brief three-month session this  
winter for passage of farm legisla-  
tion.

HOOPER HOPEFUL  
Mr. Hoover himself said in a  
statement ten days ago that he will  
not hesitate to summon the Seven-  
ty-first Congress into extraordinary  
session for the purpose of enacting  
a farm bill if such legislation is not  
gotten out of the way at the final  
meeting of the present Congress.  
He expressed the hope, however,  
that a satisfactory measure will be  
put through at the short session.

According to such Republican  
Congressional leaders as are in  
Washington at this time, the out-  
going Coolidge administration would  
have no objection to enactment of  
a farm relief measure but on the  
contrary would welcome legislative  
determination of the long-standing  
agrarian problem as a fitting cap-  
stone to the record of the Coolidge  
administration.  
If farm relief is shoved to the  
fore in the December session, it  
possibly will supplant Boulder dam  
legislation and throw action on the  
Colorado River project over into the  
new Congress. Opponents of Boul-  
der dam welcome any such pro-  
spect.

Offends Mexico

MEXICO CITY, Nov. 8. (P)—The  
Mexican Minister to Chile has been  
instructed to make strong repre-  
sentations to the Bolivian government  
for the recent speech in the Cham-  
ber of Deputies by Abel Iturralde,  
Bolivian Foreign Minister, de-  
nouncing "religious persecution" in  
Mexico.  
Regarding this speech as offen-  
sive to Mexico, the Mexican gov-  
ernment has instructed its Minister to  
Chile to protest, to which Bolivia  
replied that Iturralde, in speaking  
before the chamber, did so as a  
private individual and not as a na-  
tional representative.  
Foreign Minister Estrada of Mex-  
ico declared that the explanation  
given by the Bolivian government  
is not satisfactory and sent fur-  
ther instructions to the Mexican  
Minister at La Paz to protest.

**EVERYBODY WILL SEE STARS NEXT THURSDAY, SAYS SAVANT**

CHICAGO, Nov. 8. (AP)—Next Thursday night there will be the most brilliant spectacle of shooting stars ever afforded this generation. It was predicted today by astronomers at the Yerkes Observatory, Williams Bay, Wis. On that night the earth moves into the orbital region of the Leonid meteors, believed to be the remnants of a comet.

The Leonid group, it was explained by Prof. B. Frost, director of the observatory, whirls around the sun in an orbit that crosses the earth's. Every November the orbits meet, but in an interval of every thirty-three years the earth passes squarely through the center of the Leonid orbit.

"The meteors speed through interplanetary space at a temperature about 400 deg. below zero," Prof. Frost said. "When they enter the atmosphere of the earth the friction heats them to a glow and they usually burn up before they strike the ground."

**WEATHER INFORMATION**

Commander Byrd spent two hours last night conferring with Dr. Edward Kidson, the government meteorologist, and expert on Antarctic weather, who offered for the commander's inspection his studies of Antarctic weather based on the findings of previous expeditions.

Dr. Kidson was optimistic regarding flying conditions if care is exercised to choose good weather, but warned regarding the vagaries of storms, the laws of which are little known.

Another volunteer for the expedition has arrived in New Zealand, Dr. Vach Voutch, a young Czechoslovakian geologist who used his last funds to pay his passage hither after Commander Byrd had written to him that he was unable to find a place for him in the expedition. Dr. Voutch does not speak English, which also is a handicap.

ON BOARD THE S. S. ELEANOR BOLLING, Nov. 8. (Exclusive)—The members of the Byrd Antarctic expedition have seen their last tropical weather. The supply ship Eleanor Bolling, followed closely by the flagship City of New York, left the calm tropical sea through which she has been steaming for the last month early this morning and was ushered into the 'thirties by a sudden drop in temperature and a strong breeze approaching gale proportions. It will be nearly two years before the expedition members again feel the tropical sun.

Two ships bearing members of the expedition already have arrived at New Zealand, the Eleanor Bolling is due at Wellington early next week and the City of New York a week later. They will start for the Antarctic as soon as sea conditions permit, probably about early December.

One of those under indictment is Hugh Dyess, a Belvidere banker and one of the county's outstanding citizens. Another of those named is Joseph Sullivan, brother of Judge Philip Sullivan of Chicago. Deputy sheriffs and bootleggers appear side by side on the three-blanket indictments containing the 114 names.

**American Cars Enter Contests in German Show**

BERLIN, Nov. 8. (AP)—The first international automobile exposition in Germany since the war was opened today by Minister of Transportation Von Guericke. It is by far the largest auto show ever put on here and derives significance from the fact that not only all the leading German types, but also American, Austrian, Belgian, French and Italian cars are on exhibition. About 250 different models are on exhibition, including thirty-seven of American manufacture.

One of the chief characteristics of the exposition is the evident desire to build for service rather than for show.

As far as German makes are concerned there is a marked tendency to build eight-cylinder cars. There is also an effort on the part of the automobile industry generally to devise means and ways of rendering a car as noiseless as possible.

## WIFE TO SHARE IN CORONATION

Japan's Empress Consort to  
Mount Throne

Her Part in Rites Will Set  
Royal Precedent

Pair to Divide Honors Nearly  
Equally Tomorrow

KYOTO (Japan) Nov. 8. (AP)—For the first time, as far as the records of the empire show, an Empress consort of Japan will be formally enthroned together with her husband when, on Saturday, the Empress Nagako mounts her "curtain throne" in the same ceremony in which the Emperor Hirohito takes his place on the "high august seat," the throne of a "final descent unbroken for ages eternal."

She will not, however, be the first Empress to take her place on the throne, for of the 123 sovereigns who have preceded her husband in the line of the sun goddess eleven have been women. These were empresses in their own right, depending on no male. Most of them lived during Europe's dark ages, when the position of women in Japan was higher than it is today. But the last of the eleven, Go-Sakuramachi, reigned as late as 1770. Prior to the restoration of 1868, when the emperors were restored to full sovereignty, the consort of a ruler, male or female, was not considered to share in the reign as now.

**OF RECENT CONCEPTION**  
This conception of the Empress consort sharing in lesser degree, in the powers and glories of the reign, came in with the influx of occidental ideas during the reign of the Emperor Meiji, grandfather of the present ruler. This year's is the second enthronement since that time, but in the first enthronement under the existing regulations, that of Emperor Taisho, in 1928, the Empress Sadako was prevented from participating because she was about to become a mother. Less than a month after ceremonies at Kyoto she gave birth to her fourth son, Prince Sumi.

The number of women witnessing the great ceremonies at Kyoto this week will be larger than ever before. They will number about 275, including princesses of the blood imperial, wives of high officials, and two women who have gained their invitations by virtue of their own distinguished careers. Mrs. Koko Ando of the Tokio Academy of Music and Mrs. Kimiko Horiguchi of the Tokio Higher Normal School for Girls. Both hold high court rank, which, rather than titles of nobility, determines standing at imperial functions.

Certain officials of the highest rank receive invitations which include their wives. Among these are holders of the highest decorations, such as the collar and grand cordon of the chrysanthemum and First Order of the Rising Sun, field marshals and admirals of the fleet, the Premier and Cabinet Ministers, holders of high court posts, presidents of the Houses of Parliament, holders of the first court rank, certain veteran statesmen now out of office but formerly highly placed, and members of the Privy Council.

**RANK NEARLY EQUAL**  
In nearly all the rites of the enthronement the Empress Nagako accompanies her august consort, not on terms of absolute equality, but sharing only in little less degree his part in the arduous rites. In the public processions in Tokio and Kyoto, at the great shrine at Ise and at the various tombs of the imperial ancestors which must be visited, she rides close behind His Majesty. Her carriage is hardly to be distinguished from his in splendor, lacking only the golden Phoenix crest and drawn by four horses instead of six.

Her throne in the Shishin-Den, where the climatic ceremony of Saturday takes place, is only a little less magnificent than his, placed a little to the left and rear of the "high august seat." She takes her place on her throne just after he, has mounted his, she holding a ceremonial fan as her symbol of rank while he wields a baton. Only in the great thanksgiving of the 14th and 18th inst. when His Majesty assumes his role as high priest of the national religion, Shinto, and enters into communication with its deities, does he enter into hallowed precincts where she may not follow.

Empress Nagako is still a young woman, 25 years of age, known as a model of the graces and charms of Japanese womanhood. She is the daughter of Prince Kuni, one of the imperial princes, and was married to His Majesty January 26, 1924. Two children have been born to them, both daughters, the younger of whom, Princess Hisa, died early this year. The empire hopes that a son to succeed his father will come from this union soon.

**DOWAGER'S ROLE MINOR**  
Empress Dowager Sadako, mother of the Emperor, who might have been the first imperial consort to be formally crowned, but was not, will have no part in the Kyoto ceremonies. She is still far from old, only 44, and wields an influence in court matters not generally appreciated. Having given birth to four healthy sons, she is honored as an oriental woman who thus perpetuates the family, but her strength of character and vigor of mind are primarily responsible for her influence. However, there is no place in the Kyoto ceremonies for the widow of the dead monarch, and her part is limited to supplementary rites in the Tokio palace.

Women's costumes in the Kyoto enthronement will range from magnificent court robes of 1000 years ago to the latest creations of occidental fashion centers. As she ascends her throne, the Empress will wear a five-fold kimono with a comparatively short tunic all of white silk damask and cut in the fashion of the medieval court of Kyoto. The princesses of the blood will be similarly attired. Japanese ladies who attend by invitation will wear a long-skirted silk garment dating from the Middle Ages, unlike the modern full length kimono, or may wear evening gowns of occidental pattern. The ladies of the Diplomatic Corps will wear formal evening dress.

## ANGER UNTIES MUTE TONGUE

Boy Trained to Play Injured Speaks Out in Damage  
Suit and Mother's \$50,000 Dream Ends in Arrest

NEW YORK, Nov. 8. (AP)—Five-year-old Hyman Friedman, drilled to pretend he was mute, was able to withstand the efforts of seven specialists to make him talk, but anger finally started his tongue wagging today and shattered his mother's asserted \$50,000 dream.

Almost five years ago a department-store truck knocked over the carriage in which Mrs. Anna Friedman was wheeling the baby Hyman and injured Mrs. Friedman. She settled her case for \$2500 and thus, Supreme Court Justice Gibbs said today in ordering her held for perjury, "undoubtedly whetted her appetite for more plunder."

She brought suit against the department store on the complaint that the child had suffered an injury to his brain which would make him always mute. Justice Gibbs took the child to his chambers after seven physicians had tried and so could not be charged with perjury, could be indicted.

The boy burst into a voluble denunciation of the offending one, speaking more plainly than most children of his age. Justice Gibbs ordered the mother, who already had testified that the child was mute, held in \$10,000 bail and had the facts in the case sent to the District Attorney to see if the father, who had not yet testified and so could not be charged with perjury, could be indicted.

## FRENCH REDS FAIL IN COUP

"Radical Left" Votes for  
Poincare Regime

PARIS, Nov. 8. (AP)—Efforts of the extreme Radicals to reorganize the old coalition with the Socialists for the purpose of forming a new government have proved a failure. The group known as the "Radical left," which was invited to join the new anti-Poincare majority, met this afternoon and passed a resolution urging M. Poincare to remain in power.

This clears the situation so far as it concerns the Radical extremists and makes it more likely that M. Poincare finally will consent to constitute a new Ministry. The Radical members who resigned from the old Cabinet were in conference during the day. It is thought that they had under consideration the formation of a new union government to be headed by Poincare.

JACKSON, Nov. 8. (AP)—The work of disinterring the bodies in the pioneer Chinese cemetery near here started the first of this week. Representatives from the Chinese Masonic Lodge are in charge of the work. There are approximately 100 bodies in the cemetery, which has not been used for many years. The bones will be shipped to China.

Churchill Outlines Several  
Employment Measures

LONDON, Nov. 8. (AP)—Winston Churchill, chancellor of the exchequer, outlined six measures by which the government would endeavor to reduce unemployment in Britain in replying in the House of Commons this evening to a Labor party resolution censuring the government on this question.

One of the proposals was a scheme of emigration settlement under which 20,000 miners a year would be given agricultural training for settlement in the dominions. The others contemplated various means of encouraging industry.

# Drip-Drip-Drip-

"wet" gasoline  
into your oil!

You choke your motor to start it—shoot in a mixture with heavy wet particles of gasoline that don't burn cleanly. Where do those wet particles go?

Down the cylinder walls, to thin your oil!

Thrust open the throttle for a quick getaway. What happens to the overload of fuel?

Forced past the piston rings, much of it, into the crankcase!

And in a thousand miles of driving half your oil is likely gasoline. Gasoline you bought for power, for mileage—wasted. The lubricant body of your oil gone; for hundreds of miles back it has been seriously damaged by dilution with "wet" gasoline.

But there is a way to prevent oil thinning. Not by more careful driving; you can't change traffic

conditions or "nurse" your car at the expense of driving pleasure. But you can avoid using "wet" gasoline.

Shell 400 is a gasoline from which exact refining has eliminated the heavy wet fractions. It goes completely vaporized, a "dry" gas, into your motor. It burns completely, cleanly.

Going into use and not into your oil, Shell 400 has a real claim to more mileage, greater power. Yet it costs you no more.

Select a convenient yellow and red Shell pump. Buy Shell 400 the next few times and you'll never go back to "wet" gasoline.

You can tell Shell 400 in the starting. Pull your choke out only half way. Push it back in a few seconds after the motor starts. Shell 400 requires less choke than "wet" gas, but can stand more without causing thinning.

## The "DRY" GAS

Shell Motor Oil, a new lubricant that forms less carbon, soft carbon, is the ideal running mate for Shell 400. Don't offset the good effects of Shell 400 by using an oil less fine than improved Shell Motor Oil.

## OTTINGER RETAINS HOPE

NEW YORK, Nov. 8. (AP)—Albert Ottinger, Republican candidate for Governor, tonight had not yet conceded victory to his opponent, Franklin Roosevelt, in Tuesday's election, although Roosevelt had an apparent plurality of 21,666 votes.

longer can hold in check that discontent.

NO LEADER LOOMS

The situation is further complicated because the pragmatic men who get out the votes see in Franklin D. Roosevelt another Al Smith at Albany.

Of course, Tammany's first interest is New York City. But kindling at Albany is important. There is no doubt that Gov. Smith would have established a much heavier vote in Queens if he had not ordered the investigation which resulted in conviction of former Borough President Connolly. Of course Queens isn't Tammany—but the incident shows what an organization can do.

The only factor which stands in the way of a really first-class war in Tammany is that none of the district leaders has been able to demonstrate his ability to take over the job.

The announcement that Jeremiah T. Mahoney will retire the 14th inst. as a justice of the Supreme Court opens a subject of speculation. The persistent rumor that Judge O'Ryan intends to retire from the leader-

ship of the Hall is revived again with the suggestion that Judge Mahoney would be supported for the leadership by some well rooted interests in the organization.

TAMMANY DEFENDED

Judge Mahoney is said to have confided to friends that he means to resume that activity in politics which he practiced so many years before his elevation to the bench. The impending Tammany fire-up in New York shares post-mortem election interest with another fact—the fact that Gov. Smith ran behind the State ticket in many sections of the city.

Tammany Hall denies having had a hand in the knifing of the Governor in these or in other districts.

"Nail that rumor hard," said Judge O'Ryan. "The organization performed 100 per cent from top to bottom."

"There is nobody for whom it would exert itself more than Gov. Smith," he added.

They point out that the Democratic party's only hope is a complete housecleaning, and that it must remove every vestige of Tammany domination which caused the defeat of Smith in his home State and city. They declare that the first move is to force Raskob to wipe out the deficit and give the party a clear opportunity to organize on lines that will insure a national rather than a local leadership under the domination of Tammany leaders.

Those who desire quick action say that no outside leaders will consent to have any part in the reorganization until Raskob has cleared up his deficit and that no other men of means will come to the rescue of the party as long as it is embarrassed with the large liabilities in the bank loans and the deficit already incurred by Raskob.

These men point out that after the defeat of John W. Davis, the Democrats had to face the embarrassment of a large deficit from that campaign which was a pall-stone around the neck of Chairman Clem Shaver until Jesse Jones of Houston, Tex., in order to get the Democratic national convention of 1928, agreed to relieve the party of all its obligations of the 1924 deficit and, in addition, pay the total expenses of the convention.

RASKOB MAY REMAIN

The 1924 deficit was comparatively small when put up alongside of the immense sum now owed by the Democrats and no outside leader with funds or a desire for a new Democratic party organization will touch it with a forty-foot pole until Raskob and his associates turn the office over clear of indebtedness.

They point out, too, that the last desperate appeals over the radio ordered by Raskob and various members of the finance committee of the party were comparatively barren of results and that for this reason Raskob must clean up all the debts and then give up all connection with the management of the Democratic party.

On the other hand Raskob has so far declared that he will retain the chairmanship and remain in office as heretofore. If he does so the first meeting of the committee is expected to develop into a first-class riot of disgruntled Democrats from the western States and the South. In the southern States where Hoover won the Democratic leaders charge much of their loss to Raskob and his methods and his domination by Tammany leaders and methods.

Then, Florida, Virginia, North Carolina and Tennessee leaders, including Carter Glass and others, are expected to put as much pressure on Raskob and his backers that he will relinquish his place as chairman of the Democratic National Committee before January 1, when Gov. Smith leaves the office of Governor of New York and returns to private life.

## BOURBONS WANT HOUSECLEANING

Demand Raskob Settle Bills and Quit

Southern and Western Leaders Revolt

Declare Tammany Must Relinquish Hold

BY ROBERT R. ARMSTRONG

"Times" Staff Correspondent

WASHINGTON, Nov. 8. (Exclusive)—Western and southern Democratic leaders are recovering from the effects of the Hoover landslide and first of all are demanding a complete reorganization of the Democratic National Committee.

There is an almost universal demand, outside of Tammany Hall, that Chairman Raskob, who is charged by many of the western and southern Democratic leaders with most of the blame for Gov. Smith's pathetic defeat, immediately clear up the enormous deficit in the treasury of the party and then surrender his chairmanship and all connection with the party.

The statement was made here today by disgruntled Democratic leaders that, not counting the large losses made by the committee, the Democratic party faces a deficit approximately of \$100,000 for campaign expenses, and perhaps this will run to more than \$1,000,000. They charge that the mistakes of Chairman Raskob are largely due to mismanagement and a distortion of the issues of the campaign and they want him to leave the party management as soon as possible, that it may be taken over by Democrats high on the party in parts of the country not under the domination of Tammany or the New York machine.

Before he leaves they insist that he leave a clean bill of health after the terrible debacle of 1928.

WANT HOUSECLEANING

They point out that the Democratic party's only hope is a complete housecleaning, and that it must remove every vestige of Tammany domination which caused the defeat of Smith in his home State and city. They declare that the first move is to force Raskob to wipe out the deficit and give the party a clear opportunity to organize on lines that will insure a national rather than a local leadership under the domination of Tammany leaders.

Those who desire quick action say that no outside leaders will consent to have any part in the reorganization until Raskob has cleared up his deficit and that no other men of means will come to the rescue of the party as long as it is embarrassed with the large liabilities in the bank loans and the deficit already incurred by Raskob.

These men point out that after the defeat of John W. Davis, the Democrats had to face the embarrassment of a large deficit from that campaign which was a pall-stone around the neck of Chairman Clem Shaver until Jesse Jones of Houston, Tex., in order to get the Democratic national convention of 1928, agreed to relieve the party of all its obligations of the 1924 deficit and, in addition, pay the total expenses of the convention.

# G.O.P. TO CURB RADICAL POWER

Senate Committees Will be Reorganized

Norris May Lose Honor of Chairmanship

La Follette Not Expected to Get New Post

CHICAGO, Nov. 8. (Exclusive)—Reorganization of the Senate committees in such a way as to break the power of the radicals will be one of the first moves of the regular Republicans when the new Congress is organized.

Whether the radicals will go so far as to deprive the radicals of important committee assignments as was done after the 1924 election is a question. It is certain, however, that the committees will be so made up as to give the regulars clear majorities, thus making it impossible for the radicals to wield the balance of power, as they have during the last two years.

With the gain of seven Republican seats, the majority will be able to restore the former ratio between the parties.

## NORRIS STORM CENTER

If agitation develops for depriving radicals of chairmanships and important committee assignments, it will center around Senator Norris, Republican, Nebraska, who bolted the Hoover-Curtis ticket and took the stump for Gov. Smith, Senator Norris at present is the chairman of the powerful Judiciary Committee. The radicals had no alternative but to permit him to take this chairmanship under seniority rules when the present Congress was organized. Now if they choose to do so the radicals can oust him from the chairmanship. Such action would mean the elevation of Senator Dewey, Republican, Illinois, who is next in line on this committee.

Whether Senator Norris retains the chairmanship or not, the radicals will see to it that his control over the committee is broken. The Judiciary Committee now is made

# They Have Captured Seats in United States Senate

Ten New Faces in Upper House of Congress

up of nine Republicans and eight Democrats. Among the nine Republicans are two radicals, Norris and Senator Blaine, Wisconsin. The two radicals, both of whom supported Smith, dominated the committee during the last session, being able to get Democratic support whenever they wanted it.

Either the radicals must obtain the adoption of a ratio of committee membership which will give the Republicans ample margin, or else they will be forced to oust either Blaine or Norris or both from the committee. Senator Blaine has no chairmanships, but he is a member of the

committees on Military Affairs, Civil Service, District of Columbia and Inter-Continental Canals, besides the Judiciary Committee. There is also a second radical on the committee, Senator Brookhart, Iowa, who usually has been identified with the La Follette-Norris group, although he actively supported Hoover during the recent campaign.

LA FOLLETTE IN LINE  
Senator La Follette, Wisconsin, the third radical Senator who failed to support the Hoover-Curtis ticket, has no chairmanships, but is a member of the committees on Commerce, Indian Affairs, Manufactures, Mines and Mining, Postoffices and Post Roads. Senator La Follette under seniority rules, will be in line for the chairmanship of the Manufactures Committee in the new Congress with the retirement of Senator McLean, Republican of Connecticut, the present chairman. It seems certain he will not get it.

The other radicals received good committee assignments when their votes were necessary to effect reorganization of the Senate two years ago. Senator Howell, Nebraska, is chairman of the Claims Committee and also is on the committees on Interstate Commerce and Library. Senator Brookhart is on Banking and Currency, Postoffices and Post Roads, Civil Service and Inter-Continental Canals, besides Military Affairs. Senator Nye of North Dakota is chairman of the Committee on Public Lands and Surveys, which has conducted the investigation into oil leases, and also is on the committees on Appropriations, Commerce, Immigration Claims and Territories and Insular Possessions. Senator Fraser of North Dakota is chairman of the Committee on Indian Affairs and a member of the committees on Agriculture, Banking and Currency, Mines and Mining, Pensions and Postoffices and Post Roads.

LOSS NOT LIKELY  
Inasmuch as Senators Brookhart, Howell, Nye and Fraser all supported Hoover, they are not likely to have their committee assignments taken away from them. The radicals, however, can weaken their influence by reorganization of the committees.

Inasmuch as Gov. Smith was routed so disastrously the irregulars on the Democratic side of the Senate are not likely to receive any punishment from their colleagues. Further returns on Congressional contests showed additional gains for the Republicans in the House. It seems certain that the Republicans have made a net gain of at least thirty seats and possibly thirty-one or thirty-two.

The Republicans probably have elected as many as 226 members, as against 186 Democrats and one Farmer-Labor member. This would give them a majority of 101.

The Republicans gained a member in Minnesota, unofficial returns showing the election of Pittenger, Republican, over Representative Cars, Farmer-Labor. The elimination of Cars leaves only one Farmer-Labor member, Representative Kvale, also from Minnesota. Kvale will be the only minor party member in the House as Representative Berger, Socialist of Wisconsin, met defeat.

MORE SEATS GAINED  
The Republicans have gained at least six and possibly seven seats in Missouri. The latest Democrats to go down to defeat in that State are Representatives Milligan and Williams. The winning Republicans were H. F. Lawrence and Charles E. Keifer. Edgar C. Ellis, former Republican, Representative, also may have won over Floyd E. Jacobs in the district in which Representative Combs, Democrat, is the present member.

In Virginia, Representative Tucker, Democrat, pulled through over M. J. Putnam, Republican. The election of three Republicans in this Democratic State was made certain, the winners being Menalcous Lanford over Representative Deal; J. A. Garber over Representative Harrison, and J. C. Shaffer over Representative Moore.

In North Carolina Representative Hammer, Democrat, finally won out. C. Jones, Republican, has won definitely over Representative Bulwinkle and G. M. Pritchard, Republican, has won over Representative Weaver.

RECOUNT DEMANDED  
Representative Bock, Republican, Pennsylvania, won by a narrow margin and the Democrats have demanded a recount. The official count may be neces-

# HUNT CONTINUES COLORADO FIGHT

Governor Sends Successor Offer of Support

Democratic Party Backing Pledged to Phillips

Statement to Arizona Public Likewise Given Out

PHOENIX (AP). Nov. 8. (P)—Expressing his desires in connection with the continuance of Arizona's fight in regard to the Colorado River, Gov. Hunt today sent a letter to Judge John C. Phillips congratulating the Republican on his winning of Arizona gubernatorial honors.

"You may rest assured that I shall urge the Democrats of the State of Arizona to extend to you their aid in the heavy task that you are undertaking to preserve for Arizona her priceless rights in the Colorado River," the Governor said in his letter. "I wish you every success during the next two years."

## STATEMENT TO PEOPLE

In a statement issued "To the people of Arizona," Gov. Hunt declared:

"I bow willingly to the voice of the majority. I will retire from my post without regret, and without animosity. I did not enter the contest for the Governorship this time from any desire for further political honor at the hands of the people of Arizona. As I stated in my announcement at the beginning of the campaign, I have been sufficiently honored with political office to satisfy the ambition of any reasonable man, and I have reached the time in life when quiet and leisure have their allurements. In again becoming a candidate I was actuated by a desire to complete, if possible, the work to which I had laid my hand during the last six years.

Returning as a private to the ranks of Arizona citizenship, I pledge my loyal and complete support to the man whom the people have appointed to leadership. I bespeak the co-operation and assistance of my friends and supporters for the man chosen as the new chief executive of our State."

Returns from all but thirty-three precincts in the State gave Phillips 45,121 votes to 41,723 for Hunt. The same precincts gave Herbert Hoover, 40,125 and Smith, 24,345. Senator Ashurst, Democrat, received 43,900, and Ralph H. Cameron, 37,308 for the Senate.

# TORAL AND NUN FOUND GUILTY

Obregon's Slayer to Face Firing Squad

Jury Divides Eight to One on Woman's Fate

Government Lays Boycott Against Newspaper

(Continued from First Page.)  
nounced everybody in the courtroom stood and officers in the room flashed in the late afternoon light, while policemen stood at attention and saluted with their hands.

As the judge finished the pronouncement of his sentence Toral arose and asked, "May I speak?"

The judge answered: "No, you can speak later."

More guards formed around Toral and Mother Concepcion, as from the outside could be heard the cheers of a thousand or more who had gathered there awaiting a verdict.

In the near-confusion in the courtroom a spokesman for the jury asked the judge to give them guards to escort them home. The judge answered that this was unnecessary, but the jury insisted with the words, "There are lots of fanatics around."

"You have performed your duty and returned a fair verdict," the judge answered him. "The nation applauds you and you do not need guard."

The jurymen reluctantly accepted the judge's decision and departed without guard, although some of them wore the pistols they carried in the latter part of the trial.

**HEAVY GUARDS**  
Meanwhile the soldiers and policemen made ready to remove Toral and Mother Concepcion from the room. The two walked to the outside through double rows of troops bristling with weapons and standing elbow to elbow. There were so many guards grouped around the prisoners they were completely hidden from sight. Toral was bundled into an automobile in which were packed heavily-armed army officers.

The nun was placed in an open truck with other guards about her. Toral waved to a friend whom he saw in the crowd. As the automobile and the truck carrying the condemned man and woman started from the Courthouse toward the jail, other cars loaded with soldiers grouped around them, in front, behind and on each side. Soldiers were stationed also on the roofs of houses along the way. The defense attorney, Rodi, was heavily guarded as he left the courtroom, but the crowd, now that the trial was over, had been appeased, displayed none of the violence of the past few days. That violence now seems to have been just the expression of a fear that the defendants were being made heroes and that sympathy was being aroused which might have averted their conviction.

**TRIAL LASTS WEEK**  
Today's conviction followed a trial lasting a little more than a week, in which Toral's defense contended that the provision of Mexican law that "political" crimes are not punishable with the death sentence made a sentence of imprisonment rather than death the proper punishment.

Mother Concepcion had argued that she knew nothing of Toral's intention to kill Obregon and did nothing more to influence him in his act than did hundreds of others who prior to the death of the President-elect on July 17 opposed his religious stand and sometimes said so.

The trial was broadcast by radio until the dramatic revelation by Toral of tortures, which he asserted had been inflicted on him in an effort to obtain information as to possible accomplices, brought charges that the defense was using the trial to spread seditious propaganda. Then the broadcasting ceased, to be resumed only today. Spectators were excluded from the courtroom. There were several demonstrations which led to members of the jury arming themselves for the remainder of the trial. The last days of the trial were punctuated with threatening cries from the crowds outside the courtroom of "Viva Obregon," and "death to Obregon's assassin."

**BITTER ARGUMENT**  
The argument of the case was bitter, and late today the defense attorney Rodi had to cut his speech short because he was unable to make himself heard above the hissing in the room.

Once left to itself, however, the jury agreed unanimously on conviction of Toral, and eight to one on conviction of Mother Concepcion, whose full name is Concepcion Acevedo de la Lina.

The jury deliberated only one hour and forty minutes. It was Toral's contention throughout the trial that he killed Gen. Obregon because God told him to do so.

Mother Concepcion will appear for a second trial before a Federal court on charges of being implicated in a plot to kill President Calles and Gen. Obregon at Celaya.

The Federal Court granted a petition for the release on bail of Senoritas Ana Maria Cienfuegos, Margarita Rubio, and Leonor Rubio and Senora Esperanza Arjona accused of being implicated in the same plot.

**NEWSPAPER BOYCOTTED**  
The newspaper Excelsior has been boycotted by the Mexican government with the explanation that it made a hero and a martyr out of Jose de Leon Toral, assassin of Gen. Obregon, in its handling of the story of Toral's trial.

An official statement, which was published by all newspapers except Excelsior, said that the newspaper's stories on the trial were an encouragement to insurgents in seditious activities against the government and to others to assassinate President Calles and other government leaders. The statement was issued by Emilio Portes Gil as chief of the Cabinet after he had conferred with the President.

All workmen and peasants, all members of the political parties and officials and employees of the Federal and State governments were called upon not to purchase or subscribe to Excelsior and to refuse to

patronize anybody advertising in the newspaper. The statement added that no government department or employee would give any news, information or advertising to Excelsior.

The action was taken at the request of the Obregon bloc in Congress. Members of that bloc invaded the courtroom Monday night after a caucus in which threats were made to take measures against Toral if the jury did not convict him.

## FLOOD OF FIRE SWEEPS TOWNS

(Continued from First Page)

forced the current onward in a sort of jerky movement. The molten mass sweeping into the valley dissected our road perpendicularly and all about were dense clouds of smoke and hot sulphurous air.

A few hundred yards back was the home of Giacomo Riposta, cultivator of oranges, who was hastily and resignedly packing his furniture in a truck. His house lay just below the town of Santa Venera.

Tomorrow my house will be buried forever," he said. "What would you? We have prayed to our saints, St. Leonard is the patron saint of Mascaill and even the sight of his sacred relics has failed to prevent the lava from destroying his own Church of St. Leonard in Mascaill. I must get my house evacuated by midnight. But my orange groves are gone. See the lava there is already covering most of them."

**MILLIONS OF DOLLARS LOST**  
Mayor Atenod of Taormina tonight said the evacuation work is being carried out under the regional authorities and soldiers with perfect order and without distress. Fascist militia generals and several regiments of soldiers are on the spot, as well as firemen and police and all the authorities of Catania. Minister of Public Works Giurati today flew over the district in an airplane and made a complete inspection of the destroyed districts. The damage in which will run into millions of dollars.

The fearful red serpent of molten lava, winding its way down the mountainside through the dried-up river Pietro Fucilli, swept past Mascaill last night, leaving no trace of where the town had stood, and at midnight was within half a mile of the sea.

**TEN THOUSAND HOMELESS**  
The last trains along the coast line between Messina and Catania were run tonight. Traffic will not be resumed for months, owing to the difficulty of cutting through the lava rock.

About 10,000 people are homeless as a result of this latest eruption of the six subsidiary craters of Mt. Etna, the latest of which opened today at 11 o'clock. The six craters are located in a district called Valle Del Bove, in a line directly east of the main crater of Etna. This district was in ages past the main crater of the volcano.

Fed by these six openings, the lava is moving tonight at a rate of eight-two feet per hour. The openings are at an altitude of between 3200 and 7500 feet.

The aspect of the burning mountain tonight is fearful and infernal and tragic, but also magnificent. As I watch it from the heights of Taormina, white masses of vapor over the six craters are packed into weird shapes by the ruddy glare of the flames and I think of Nero's burning of Rome and Dante's fearful images of purgatory.

Down from these painted phantom streams the glistening red scoriae river, slowly trickling down the valley, and in the distance along the shore line twinkle the lights of Catania, builded on volcano rocks and fearful lest it, too, shall be visited by catastrophe.

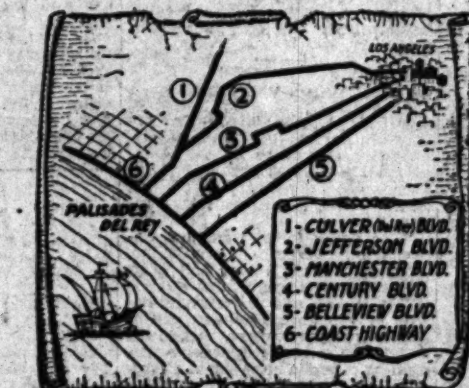

**THROUGHS CROWD ROADS**  
From some places along this shore line, once the focus of Greek civilization, hundreds of homeless people are keeping an all-night vigil, watching the work of destruction in mute anguish. They are calm, however, and there is no trace of excitement or panic anywhere. Your Sicilian is fatalistic and accepts the burning mountain as tyranny, as his ancestors have accepted previous eruptions.

In the half lights of the red embers are seen also carabinieri, black shirt militia and regular army men, guarding the dangerous places and assisting Red Cross workers in the evacuation work. Peasants in ox carts and those peculiar Sicilian two-wheeled gayly frescoed wagons are moving along the lighted roads, hauling furniture and possessions of all kinds to safety in the towns of Giarre and Fiume Freddo, where most refugees have been evacuated.

# 6 major boulevards serve Palisades Del Rey

[Just ONE would guarantee success]

**"BOULEVARD PROPERTY"** has always been at a premium in Los Angeles. Which is natural. According to the records this class of property has made some surprising profits for owners. In this announcement we discuss one of the most unusual realty situations ever encountered. A new seashore community in Los Angeles which is the focal point of not merely one, but six major boulevards. Thousands of buyers have already grasped the profit-making significance of this. The opportunity is still open to less than a hundred in the new UNIT SUPREME.

**DRIVE** out Wilshire Boulevard and you'll realize in a dozen inspiring ways what a boulevard can do for a district.

The success of many a community has been assured by one good boulevard. And you'll never find a district or community entirely successful until it has adequate highways.

It's no secret among buyers of real estate that boulevards "make" property. Although some men put it the other way. They say that the community "makes" the boulevard.

Which is just another way of saying that a boulevard has to go some place and it usually goes where people want to go.

**PALISADES DEL REY** on the seashore is a new community. But already it is the focal point of six major

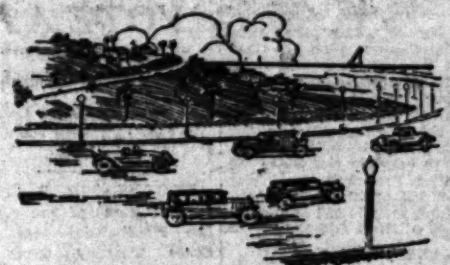

boulevards in various stages of construction from initial legal proceedings to finished sections. When fully completed these boulevards will represent the greatest focal point of traffic on the Los Angeles coast line.

Quite a surprising statement to make about a new community which is a mere infant compared to older seashore settlements.

Still more surprising are the facts revealed by five minutes' study of the highway situation at Palisades Del Rey.

Just why are six major boulevards being built so rapidly toward this seashore town?

**YOU** might give as one answer the fact that Palisades Del Rey is the closest beach to the heart of the city—the quickest way to reach the ocean. And what about the 5,000 families who have already purchased over \$10,000,000 worth of property here and invested over \$4,000,000 more in homes. Boulevards to serve this startling increase in population are necessary.

Along Roosevelt Coast Highway at Palisades Del Rey

**AND DON'T** overlook the new \$5,000,000 Loyola University now being built in the Del Rey hills. This alone has already caused widening and improvement of several of the boulevards and hastened the cutting through of others.

The natural desire of many inland communities for quicker access to the ocean front has caused the improvement and extension of several of the new boulevards.

The development of the raw land at Palisades Del Rey and its building up into the outstanding ocean front "show place" of Los Angeles has

brought other traffic increases and forced the enlargement of the biggest boulevard construction program ever centered on one community.

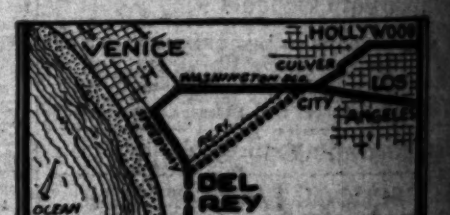

The opening up, widening and paving of the Roosevelt Coast Highway along the seashore at Palisades Del Rey is the direct outcome of this vast traffic increase.

Where Manchester Boulevard Meets Palisades Del Rey

**BUT** the boulevards are not the whole story. Palisades Del Rey has more than boulevards to recommend it. To assure even greater success. Drive down soon and look over the other major advantages. There are a round dozen. Investigate the increases in values that have accrued for purchasers in the earlier units.

**THEN** look over the UNIT SUPREME shortly to be publicly offered. If you are not impressed with the surprising opportunities available here at original tract prices, you differ greatly from the 5,000 purchasers who have made this the fastest selling real estate in America.

## How to Get There

By Auto—Drive West on Washington Boulevard straight through to the ocean. Then south two miles to Palisades Del Rey.  
By Electric—Board P. E. Redondo Car (via Del Rey) at Subway Station between Fourth and Fifth on Hill Street—get off at Palisades Del Rey.  
Or telephone MUTUAL 3181.

A series of announcements telling the whole story of this successful project is appearing in several Los Angeles newspapers. Ask to be put on the mailing list so that you can have all the facts before you. So that you can buy intelligently, the way real estate should be purchased.

## PHILIPPINE LAW TO AID INVESTORS

Corporation Statutes Amendments Sought by Legislative Act

**MANILA, Nov. 8.**—(AP)—Corporation law amendments designed to aid Philippine corporations by placing them on a par with foreign corporations doing business in the Philippines were passed today by the House of the Philippine Legislature and sent to Gov.-Gen. Silliman.

One of the amendments would permit investment companies to hold stock in more than one agricultural concern but prevent circumvention of the land laws by prohibiting aial investment companies from controlling concerns in which they had invested. The Philippine land laws provide that not more than 5000 acres may be held by a corporation. Some large foreign corporations have expressed desire for much greater acreage.

**CAPTOR OF HICKMAN CHOSEN AS SHERIFF**

**PENDLETON (Or.) Nov. 8.**—(AP)—Tim Gurdane, who as Chief of Police of Pendleton was one of the captors of William Edward Hickman, Los Angeles kidnaper-slayer, was elected Sheriff of Umatilla county at Tuesday's election. Re-

tains gave: Gurdane, 3530; Charles Roelkins, 3060.

## Chicago Doctor Gets Huge Vote

**CHICAGO, Nov. 8.**—(AP)—It remained for a man of medicine, Dr. Herman N. Bundesen, to roll up the largest vote ever given one candidate for office in Cook county. Dr. Bundesen, former president of the American Public Health Association and health commissioner of Chicago through administration of both a Republican and a Democratic Mayor, was given a vote of 1,076,485 in the contest for coroner. Running as a Democrat against the incumbent Republican, Oscar Wolf, he received a majority of 714,702, the largest majority ever given a candidate in Cook county.

## To Get a Clear View of the Facts

Every one will concede, in an all-essential preliminary to a wise decision. But that is not always a simple procedure—particularly so to the prospective investor who is considering a security.

He should know not merely the history, financial structure, resources and liabilities, earnings record, and the calibre and capacity of its directors and management, but he should be informed about the company's relative position in its industry, and, broadly, the outlook for the industry itself.

To provide its clients with these facts—all the pertinent facts—in the self-assumed obligation of the astute bond house.

## American Cities Power and Light Corporation

### 400,000 Shares Convertible Class A Stock

### Optional Dividend Series

(Par value \$50 a share)

### 400,000 Shares Class B Stock

(Without par value)

(In the form of Certificates of Bankers Trust Company, each Certificate representing an equal number of Class A and Class B shares)

Dividends on Class A Stock of this series payable quarterly in Class B Stock of the company at the annual rate of one-eighth of a share of Class B Stock per share of Class A Stock, or, at the option of the holder, in cash at the annual rate of \$3 a share.

Class A Stock of this series is convertible, at the option of the holder, into Class B Stock of the company, at the rate of one share of Class B Stock for each \$35 par value of Class A Stock.

### CAPITALIZATION

Item	Authorized	Outstanding
Serial Class A Stock—cumulative (par value \$50 a share)	\$75,000,000	\$20,000,000
Optional Dividend Series—convertible (this issue)	5,000,000 shares	2,000,000 shares
Class B Stock (without par value)	5,000,000 shares	2,000,000 shares

\$75,000,000 of shares of Class B Stock are reserved for conversion of Class A Stock of this series, and 1,000,000 shares (representing the present maximum stock dividend requirement on the outstanding Class A Stock of this series, for a period of 20 years) are reserved for dividends payable in Class B Stock on Class A Stock of this series, the company agreeing to make further provision from time to time for the payment of stock dividends.

The serial Class A Stock, of which the above Optional Dividend Series (convertible) is outstanding, is preferred over the Class B Stock as to cumulative dividends and as to assets in the event of liquidation. Convertible Class A Stock, Optional Dividend Series, is entitled on liquidation to preference over the Class B Stock as to assets to the extent of \$65 a share and accrued dividends; is redeemable at the company's option at any time, as a whole or in part, on 30 days' notice, at \$65 a share and accrued dividends; and is entitled to cumulative dividends as stated above (accruing on this issue from November 1, 1928), payable quarterly on February 1, May 1, August 1 and November 1. Dividends free of present normal Federal income tax.

The Bank of America National Association, New York, and Boston Safe Deposit and Trust Company are Registrars and Bankers Trust Company, New York, and The First National Bank of Boston are Transfer Agents, for the Certificates of Bankers Trust Company, for the Convertible Class A Stock, Optional Dividend Series, and for the Class B Stock.

The following information has been summarized by Mr. L. E. Kilmarx, President of American Cities Power and Light Corporation, from his letter dated November 7, 1928, and is subject to the more complete information contained therein:

### BUSINESS AND ASSETS

American Cities Power and Light Corporation has been formed under the laws of Virginia to invest and deal primarily in securities of public utility holding and operating companies. The company has acquired from Central States Electric Corporation, in exchange for 1,600,000 shares of its Class B Stock, securities having a present aggregate market value of over \$16,500,000, and is promptly to acquire for \$5,000,000 cash additional securities having a present aggregate market value of that amount. Of this total investment of approximately \$21,500,000, approximately \$13,000,000 represents common stock of The North American Company, the remainder consisting of common stocks of the following companies:

American Telephone and Telegraph Company	The Detroit Edison Company
Commonwealth Edison Company	Electric Investors, Inc.
Consolidated Gas Company of New York	Pacific Gas and Electric Company
Consolidated Gas Electric Light and Power Company of Baltimore	The Peoples Gas Light and Coke Company
	Southern California Edison Company

Proceeds remaining from this financing, after the acquisition of securities for cash as above, are to be used to acquire additional amounts of common stocks of certain of the above companies, and other securities.

The company is without debt and has assets of a total value (securities owned taken at present market value) of over \$40,500,000, or \$101 for each share of Class A Stock (par value \$50) outstanding.

Present market value, as used above, has been determined on the basis of closing prices of November 5, 1928.

### INCOME

The income derivable during the twelve months ended September 30, 1928, from the approximately \$21,500,000 market value of securities mentioned above, amounted to approximately \$1,585,000, giving an effect to benefits which will be derived from the investment of the remaining proceeds of this financing (approximately 60% of the total). Such income would have consisted largely of stock dividends and proceeds of rights to subscribe to stock, valued in each instance at the approximate market value of such stock and rights immediately following the record dates.

The maximum annual cash dividend requirement on this issue of Class A Stock is \$1,200,000.

### OPTIONAL DIVIDEND PRIVILEGE

Dividends on Class A Stock of this series are to be payable quarterly in Class B Stock of the company at the annual rate of one-eighth of a share of Class B Stock per share of Class A Stock, or, at the option of the holder, in cash at the annual rate of \$3 a share. The option to receive payment of any quarterly dividend in cash may be exercised by delivering notice of such election to the company within a period of ten days immediately following the record date for the payment of such dividend. Notice of each record date is to be mailed by the company to the holders of Class A Stock of this series at least five days before such record date.

### MANAGEMENT

The Executive Committee of the company is identical with that of Central States Electric Corporation, and consists of Messrs. F. L. Dame, J. F. Fogarty, H. C. Freeman, Edwin Gruhl and L. E. Kilmarx.

### CERTIFICATES

Certificates of Bankers Trust Company, Depository, representing an equal number of shares of Class A and Class B Stock deposited with the Depository, will entitle the holder to receive stock certificates for Class A Stock and Class B Stock on May 1, 1929 (or earlier, as provided in the Deposit Agreement), and to receive dividends as paid prior to that date (in stock, or in cash at the holder's option as above, in the case of Class A Stock), in proportion to the number of shares called for by the Certificates.

Certificates representing 10,000 shares of Class A Stock and an equal number of shares of Class B Stock have been withdrawn for offering in Holland.

# Policeman Shoots Wife, Her Woman Friend, and Ends Own Life When Facing

## DOMESTIC CLASH BRINGS FATAL TRAGEDY IN HOME

Both Bullet Victims May Succumb; Estranged Mate Finds Husband in House With Waitress

After shooting and inflicting probably fatal wounds on his wife and another woman, Lee Vernon Simmons, 25 years of age, a policeman, late yesterday afternoon killed himself in his home at 3443 1/2 Willowbrook avenue, as other officers sought to arrest him.

Mrs. Quinaline W. Simmons, 25, exclaimed: "My God, I'm shot!" The McKinnon girl ran to the neighbors for aid and to telephone the police. Officers Cowart, Berry and Clark of Hollywood division answered the call.

Simmons was standing in the doorway of the bungalow as Detective Cowart approached. Simmons had his pistol in hand.

"Put that gun down," commanded Cowart.

"If I've got to go I guess we'll all go, too," replied Simmons, brandishing his weapon and backing into the door.

"Put that gun down or I'll kill you!" Cowart again commanded Simmons, drawing his own revolver.

**SHOT THROUGH HEART**  
Instead of complying, Simmons turned the gun on himself and a shot went through his heart.

In the meantime, Mrs. Simmons had fallen in the courtyard. Mrs. Myers lay on a bed in the bedroom.

On the bed the police found a small Bible, its covers bloody and one page torn out. The missing page later was found. Although covered with bloody thumb prints, the officers were able to read the following inscription in handwriting:

To Vernon and Quinaline:  
"I hope you will read and profit by this little testament I am sending you. It will help you and teach you to live to be a Christian. This is the prayer of your loving and devoted MOTHER."

Christmas, 1928.  
The police believe that Simmons tore the page from the Bible after realization of his act came to him. A quantity of liquor was found in the house and the detective believe that Simmons had been drinking, perhaps heavily.

**GIRL RELEASED**  
The McKinnon girl was released after being questioned by the police. She said she met Simmons in the kitchen of the bungalow washing dishes when the wife and her friend arrived. She heard the three go into the bedroom.

**TWO SHOTS FIRED**  
"You'll be treating this girl like you treated me," the McKinnon girl declared as she heard the wife exclaim, and the voices in the bedroom merged in argument.

Two shots were fired. Mrs. Simmons rushed out of the bedroom and into the courtyard.

What directly led up to the shooting the police last night were unable to ascertain with exactness. Most of their information, necessarily came from the McKinnon girl. The latter in a statement to Detective Lieutenants Stevens and Hickey declared she was in the kitchen of the bungalow washing dishes when the wife and her friend arrived. She heard the three go into the bedroom.

Children of San Pedro also have a major part in a military field vesper service Sunday afternoon at 3 o'clock at Town Field, San Pedro. They will act as honor guards for 100 wounded war veterans who are attending the service from San Diego, and for relatives of men who were killed in action.

**ARMISTICE DAY TO BE WEEK-END**  
(Continued from First Page)  
In the parade, according to C. Herbert Moore, commander of the parade, children of San Pedro also have a major part in a military field vesper service Sunday afternoon at 3 o'clock at Town Field, San Pedro. They will act as honor guards for 100 wounded war veterans who are attending the service from San Diego, and for relatives of men who were killed in action.

**HALL ATTRACTION CENTER**  
The San Pedro celebration will start tomorrow at 2 p.m. when an automobile caravan headed by Mayor Cryer leaves from the local City Hall to dedicate the new branch City Hall at the harbor. Following the dedication ceremonies for the new seven-story structure, a buffet dinner and water pageant will be conducted in connection with the day's second dedication—that of the new municipal boathouse at Castille Beach.

Admiral William V. Pratt, commander-in-chief of the battle fleet, has ordered ships to be stationed at ports along the Pacific Coast to participate in the peace-time demonstrations. Ships will anchor at San Pedro, San Francisco, San Diego, Redondo, Santa Monica, Long Beach, Venice, Santa Barbara, Santa Cruz, Monterey and Bremerton.

Canadians will hold the spotlight in the Long Beach armistice celebration next Sunday. The program is under the auspices of the Canadian Tourist Society and includes a reunion and tourist welcome program in the Long Beach Civic Auditorium. The program is scheduled to start at 1:30 p.m. and continue on to a night entertainment.

Mayor Oscar Hague of Long Beach will welcome the Canadians to be followed by short addresses by prominent Southern Californians and Canadians.

**GIRLS TO ENTERTAIN**  
A chorus of thirty whistling girls, an orchestra and instrumental artists, and the Long Beach Municipal Band will help entertain the Canadian visitors. Miss Irene Hill, Miss Canada of 1928, is also expected to appear on the program.

As a special mark of honor and international courtesy to the service men of Canada, the city of Long Beach will place the veterans in the position of honor during the celebration. The Canadian soldiers will appear in uniform and wear their war decorations.

A large party of Alaskan winter tourists are en route to Los Angeles and have been advised to attend the Canadian gathering. They are scheduled to arrive here tomorrow.

Veterans of the Signal Corps photographic division, including many experts of motion-picture studios, will conduct their eighth annual Armistice Day reunion at the Hollywood Roosevelt Hotel Sunday evening. The principal speaker will be Maj. E. J. Hardy, who was commander of the Signal Corps in France during the war.

**MT. RUBIDOUX SERVICE SCENE**  
Mt. Rubidoux, near Riverside, will be the scene of a sunset service at 3:30 p.m. next Sunday. The service will be conducted at the base of the World Peace tower, with C. A. Quimere of the Institute of International Relations scheduled to discuss the political significance of the Briand-Kellogg treaty. Joseph Scott will speak on the spiritual significance of the treaty.

Boys and girls of Riverside will have prominent parts in the service. The solist of the sunset meeting will be Miss Elsie Youngren of Riverside. Garnet Holme, director, has arranged a colorful pageant to be given at the foot of the Serra Cross on the mountain. Automobiles will be allowed to transport passengers directly to the mountain top.

Owensmouth residents and visitors will witness a parade next Monday under the auspices of the Chamber of Commerce. The procession will be followed by a dinner at the Owensmouth American Legion Hall, Frank O. Tyrrell, Los Angeles attorney, will be the principal speaker on the evening program.

Members of the Trailfinders will journey to Red Rock Canyon on the desert to conduct their Armistice celebration. They will take part in a program next Sunday under the direction of Carl Sharsmith and other hosts of the Trailfinders.

**CONCERTS PLANNED**  
The playground department is planning to organize a concert service Orchestra, according to report by Supt. Hjette to the commission yesterday. He reports the orchestra consists of forty adults.

**WOMEN FEATURE in Book Review**  
Mrs. Jack Valley's Monthly Book Review tomorrow at 10:30 a.m. at Bullock's gives promise of unusual interest. Mrs. Valley will feature in her talk famous women of history, varied in type as poetesses, actresses, dowager empresses and writers. One of the list of newest books is "Old Buddha," by the Princess Der Ling.

The story is of the life of the Dowager Empress of China. Princess Der Ling was lady-in-waiting to Her Majesty.

## HUNT FOR FUGITIVE EXTENDED

Deputies Follow Trail of Missing Traffic Board Secretary to East

The search for Clarence B. Snethen, missing Traffic Commission secretary, spread yesterday to an eastern city, where it was learned two Los Angeles county deputy sheriffs and special investigators are conducting a personal search for the fugitive.

The officers on the case are Charles Kelly and J. B. Kelley, it was disclosed, deputy sheriffs working under Capt. J. B. Fox of the fugitive detail. Capt. Fox refused to state where the officers are seeking Snethen but admitted they have orders to follow the trail as long as it remains within the United States.

Snethen disappeared from Los Angeles ten days ago and an audit of his account, granted immediately, revealed that they are short approximately \$3000, according to a statement issued by W. L. Brent, president of the commission.

Since Snethen's disappearance, officers have been attempting to find two women friends living in Hollywood, whom he is reported to have met on numerous occasions.

According to investigating officers, Snethen has been separated from his wife for five years. Mrs. Snethen, however, still maintains complete confidence in her husband and only evening. The Watus playground is being surfaced with decomposed granite and the department is proceeding with the installation of a lighting system.

**RENOVATION PROCEEDS FOR CABRILLO BEACH**  
Final cleaning up of Cabrillo Beach at San Pedro, with removal of all temporary structures on the breakwater and in the vicinity, is being accomplished with a crew of men preparatory to the dedication of the beach and new municipal boathouse Saturday evening. The Watus playground is being surfaced with decomposed granite and the department is proceeding with the installation of a lighting system.

They will act as honor guards for 100 wounded war veterans who are attending the service from San Diego, and for relatives of men who were killed in action.

**HALL ATTRACTION CENTER**  
The San Pedro celebration will start tomorrow at 2 p.m. when an automobile caravan headed by Mayor Cryer leaves from the local City Hall to dedicate the new branch City Hall at the harbor. Following the dedication ceremonies for the new seven-story structure, a buffet dinner and water pageant will be conducted in connection with the day's second dedication—that of the new municipal boathouse at Castille Beach.

Admiral William V. Pratt, commander-in-chief of the battle fleet, has ordered ships to be stationed at ports along the Pacific Coast to participate in the peace-time demonstrations. Ships will anchor at San Pedro, San Francisco, San Diego, Redondo, Santa Monica, Long Beach, Venice, Santa Barbara, Santa Cruz, Monterey and Bremerton.

Canadians will hold the spotlight in the Long Beach armistice celebration next Sunday. The program is under the auspices of the Canadian Tourist Society and includes a reunion and tourist welcome program in the Long Beach Civic Auditorium. The program is scheduled to start at 1:30 p.m. and continue on to a night entertainment.

Mayor Oscar Hague of Long Beach will welcome the Canadians to be followed by short addresses by prominent Southern Californians and Canadians.

**GIRLS TO ENTERTAIN**  
A chorus of thirty whistling girls, an orchestra and instrumental artists, and the Long Beach Municipal Band will help entertain the Canadian visitors. Miss Irene Hill, Miss Canada of 1928, is also expected to appear on the program.

As a special mark of honor and international courtesy to the service men of Canada, the city of Long Beach will place the veterans in the position of honor during the celebration. The Canadian soldiers will appear in uniform and wear their war decorations.

A large party of Alaskan winter tourists are en route to Los Angeles and have been advised to attend the Canadian gathering. They are scheduled to arrive here tomorrow.

Veterans of the Signal Corps photographic division, including many experts of motion-picture studios, will conduct their eighth annual Armistice Day reunion at the Hollywood Roosevelt Hotel Sunday evening. The principal speaker will be Maj. E. J. Hardy, who was commander of the Signal Corps in France during the war.

**MT. RUBIDOUX SERVICE SCENE**  
Mt. Rubidoux, near Riverside, will be the scene of a sunset service at 3:30 p.m. next Sunday. The service will be conducted at the base of the World Peace tower, with C. A. Quimere of the Institute of International Relations scheduled to discuss the political significance of the Briand-Kellogg treaty. Joseph Scott will speak on the spiritual significance of the treaty.

Boys and girls of Riverside will have prominent parts in the service. The solist of the sunset meeting will be Miss Elsie Youngren of Riverside. Garnet Holme, director, has arranged a colorful pageant to be given at the foot of the Serra Cross on the mountain. Automobiles will be allowed to transport passengers directly to the mountain top.

Owensmouth residents and visitors will witness a parade next Monday under the auspices of the Chamber of Commerce. The procession will be followed by a dinner at the Owensmouth American Legion Hall, Frank O. Tyrrell, Los Angeles attorney, will be the principal speaker on the evening program.

Members of the Trailfinders will journey to Red Rock Canyon on the desert to conduct their Armistice celebration. They will take part in a program next Sunday under the direction of Carl Sharsmith and other hosts of the Trailfinders.

**CONCERTS PLANNED**  
The playground department is planning to organize a concert service Orchestra, according to report by Supt. Hjette to the commission yesterday. He reports the orchestra consists of forty adults.

**WOMEN FEATURE in Book Review**  
Mrs. Jack Valley's Monthly Book Review tomorrow at 10:30 a.m. at Bullock's gives promise of unusual interest. Mrs. Valley will feature in her talk famous women of history, varied in type as poetesses, actresses, dowager empresses and writers. One of the list of newest books is "Old Buddha," by the Princess Der Ling.

The story is of the life of the Dowager Empress of China. Princess Der Ling was lady-in-waiting to Her Majesty.

## MANY HELD BY FEDERAL GRAND JURY

Thirteen Indicted Over Narcotics, Liquor and Tariff Violations

With the indictment of thirteen persons yesterday the Federal grand jury completed its week's work. Most of the indictments are for violations of the Tariff Act, for bringing liquor into the country, and violations of the Harrison and Jones-Miller Acts, relating to the handling of narcotics.

A. S. Kelley is indicted for the asserted theft of eleven blankets and numerous supplies of the San Bernardino National Forest Bureau while working there as a fire fighter. His bail is fixed at \$3000.

Clarence Perkins, formerly an employee of a branch of the Bank of Italy, was indicted for misapplication of \$382 of bank funds. His bail was set at \$5000.

**RENOVATION PROCEEDS FOR CABRILLO BEACH**  
Final cleaning up of Cabrillo Beach at San Pedro, with removal of all temporary structures on the breakwater and in the vicinity, is being accomplished with a crew of men preparatory to the dedication of the beach and new municipal boathouse Saturday evening. The Watus playground is being surfaced with decomposed granite and the department is proceeding with the installation of a lighting system.

**ARMISTICE DAY TO BE WEEK-END**  
(Continued from First Page)  
In the parade, according to C. Herbert Moore, commander of the parade, children of San Pedro also have a major part in a military field vesper service Sunday afternoon at 3 o'clock at Town Field, San Pedro. They will act as honor guards for 100 wounded war veterans who are attending the service from San Diego, and for relatives of men who were killed in action.

## Flag Made of Wheat Grains to Be Shown

32,122 kernels of wheat and requiring 564 hours in its arrangement, will be on display at Barker Brothers tomorrow, Sunday and Monday.

The flag, which is three feet five and one-half inches in length and one foot ten inches wide, contains four pounds of wheat, each grain of which has been dipped in an oil paint and then glued to other grains to form the solid whole.

It is the work of Theophile Armand Casanbon of this city, who completed his task on his mother's birthday, September 21, last, after fifteen months of work. Casanbon is 22 years of age.

**California Cast for Gifts Urged**  
Make your Christmas gifts to eastern friends look like California, is the advice of Los Angeles merchants to shoppers observing the slogan, "Time is Flying—Shop Early."

Several stores in the downtown section have complete wrapping service from which gifts emerge with gorgeous bows, glistening transparent paper over gold or colors and artificial oranges and blossoms—all for a small cost, it is pointed out.

**FILM STAR WILL TALK**  
Alex B. Francis, film actor, will give an address at 2 p.m. today at 619 South Figueroa street in connection with the bazaar being given today and tomorrow by members of St. Paul's Cathedral.

# BET ON ELECTION BRINGS DIVORCE

Wife Charges Husband Abused  
Her Ever Since She Won  
Cleveland Wage

Forty years ago, Sewell Pier-  
son and Martha Pierson made  
a small election bet, Mrs.

Pierson choosing Grover  
Cleveland. Yesterday that  
election bet brought a divorce

to Mrs. Pierson, who then was  
a belle of the "Gay Nineties,"  
a belle of the "Gay Nineties,"

Mrs. Pierson told Judge  
Schauer that her husband be-  
came so furious at her suc-

cessful election that he re-  
fused to pay the bet and be-  
gan abusing her until she was

compelled to leave him. After  
a year of separation they were  
reconciled, but Pierson in-

stated upon bringing up the  
old campaign and the bet. She  
told Judge Schauer that her

husband had left her ten  
years ago and that she wanted  
a divorce, "not to marry again,

but so he will have no claim  
on my property."

Leaf from the Gutenberg Bible

Although only thirteen copies of  
the original Gutenberg Bible are  
known to exist in perfect condition,

an imperfect copy was discovered  
a number of years ago and individual  
pages were sold, a few of which

were found their way to the Pacific

means of student contributions and  
presented it to the local university  
on Christmas, 1925.

The Henry E. Huntington Library

PADLOCK  
ORDERED  
ON HOTEL

New High-Street Building  
to be Closed for Year as  
Result of Vice Charges

Judge Edmunds yesterday ordered  
that the Dante Hotel on New High  
street, asserted to have been the

headquarters of Albert Marco Al-  
bert, recently convicted of assault  
with intent to commit murder and

sentenced to prison, be padlocked  
for one year under the Abatement  
Act.

This was done at the request of  
the District Attorney's office.  
Juan Murrieta, owner of the

hotel, did not appear in court.  
He was represented by Attorney  
Le Compton Davis, who assured the

court that the house never again  
will be used in any way that might  
bring it into ill repute.

Only one witness was placed on  
the stand, Marie Sanchez, landlady  
of the hotel, who testified that Mu-

rieta had warned her a number of  
times against using the premises for  
immoral purposes, and had com-

pelled her to post a \$500 bond as  
assurance that she would keep her  
promise.

It was stipulated by all attorneys  
present that the charges made by  
the District Attorney's office were

correct. The abatement was ordered  
but the furniture was released.

dustries of Southern California has

extended to San Bernardino and  
vicinity its service to the handi-  
capped and needy. A Goodwill store

will be opened at 907 Third street,  
San Bernardino, tomorrow.  
The initial stock will be from the

main plant in Los Angeles and will  
consist of clean renovated mer-  
chandise which has been produced

by the paid labor of destitute and  
handicapped men and women from  
cast-offs received in the famous

Goodwill bag. It is expected, how-

Tuberculosis Association  
Announces Need

Christmas Seal Sale Goal  
Put at \$100,000

Reduction in Deaths Shown  
as Labor's Result

One hundred thousand dollars is  
to be this year's goal in the an-  
nual Christmas seal sale for the

fight against tuberculosis, it was  
announced yesterday by Mrs. J. J. A.  
Van Kaathoven, president of the

Los Angeles Tuberculosis Asso-  
ciation. They stated that sum is need-  
ed to carry out the intensive pro-

gram of preventive work planned  
under the direction of Miss Sidney  
M. Maguire, executive secretary of  
the association.

While the funds in the past few  
years have enabled tuberculosis  
workers to reduce the death rate

from the disease by half in Los  
Angeles, the necessity of keeping  
up the battle, Mrs. Van Kaathoven

stated, is shown in that according  
to present mortality figures the dis-  
ease still claims one out of every

ten who die from all causes here.  
The total deaths last year were  
1349, a new high record for the city,

of whom 32 per cent were persons  
under 45 years of age. The death  
rate from tuberculosis remained at  
the same percentage as the previous

year, 109 per 100,000 population.  
The Christmas seals will be mailed  
to 150,000 Los Angeles residents on

Thanksgiving Day.  
Funds raised locally, Mrs. Van  
Kaathoven stated, are used locally.

The association conducts a model  
open-air health camp for under-  
par boys at San Gabriel Canyon,

which annually "makes over" 300  
lads.

AUTO SALON  
PROVES TO

Fifth Annual Exhibition  
Exceeds All Prior Efforts  
by Auto Dealers

After the most successful showing  
ever made by local dealers, the fifth  
annual automobile salon, given by

the Los Angeles Motor Car Deal-  
ers Association, will come to an end  
tonight at 10:30 o'clock. The great-

ly added number of cars exhibited  
this year made the showing a very  
representative one, states Manager

Burt Roberts, with the result that  
the attendance for the first three  
days exceeded that of any previous

exhibit. Those who attend the salon to-  
day will see several changes as the  
final showing will include cars

which arrived in Los Angeles last  
night. "Eastern motor-car executives  
who have attended the salon with-

out exception have declared it to be  
one of the finest held anywhere in  
the country," said Roberts. "The

setting provided by the new Sala  
de Oro and the Galeria Real at the  
Biltmore is as excellent as the

co-operation of the manufactur-  
ers in furnishing special models  
has given the exhibit unusual in-

terest. Roberts stated that today's at-  
tendance is expected to be its  
largest.

### Loyola Team Due to Reach Denver Today

DENVER (Colo.) Nov. 8.—The Loyola College football team of Los Angeles is due here tomorrow morning for Saturday's game with St. Regis. The Lions took a short workout at Gallup, N. M., today, according to word received here, and will practice tomorrow afternoon in the Regis stadium. Cold weather prevails here.

### TICKETS GRABBED BY FANS

**Only 500 Ducats Left for Trojan-Irish Clash After Sale Announced**

Southern California's football fans sent another record soaring yesterday when they snapped up 10,000 of the 20,000 tickets to the Southern California-Trojan game in the Coliseum December 1. The 20,000 were placed on sale at the University student store, and at Dyer Company. At closing time last night only 500 of the seats remained unsold. These will be placed on sale today at Dyer's, according to Webster Hopkins, assistant ticket dispenser at the university, and no more will be available when these are sold. Hopkins reports the sale the biggest in Trojan history for a single day.

### TWO BIDS FOR ONE TITLE

Mrs. Harry Grossman of the Hillcrest Country Club, at top, will battle Mrs. Dan Jones of Brentwood this morning at 10 o'clock for the women's Los Angeles golf championship. The eighteen-hole final will be played over the Harding Memorial course at Griffith Park. Mrs. Jones, former California State champion, reigns a slight favorite to win.

### Here's Latest Story About Jan. 1 Clash

Football circles had it yesterday that Carnegie Tech of Pittsburgh would represent the East in the annual Rose Bowl football classic at Pasadena January 1, next. California for some time has been rumored as the western representative. Les R. Henry, chairman of the Tournament of Roses football committee, declared, however, that he had as yet extended no invitations, and that he, himself, did not know who would play in the Rose Bowl New Year's Day. The Carnegie Tech team is undefeated to date and holds victories over Washington and Jefferson and the University of Pittsburgh. It was Pittsburgh that dropped a 7-0 game to Stanford in last year's Rose Bowl classic. Carnegie Tech has Georgetown, Notre Dame and New York University yet to meet, while California has Washington and its big game with Stanford before it. SEEK TO BRING GEORGIA TECH HERE William O. Brice of 212 Western Mutual Life Building has announced that he is planning to bring Georgia Tech to the Rose Bowl.

### BATTLE FOR CITY LINKS CHAMPIONSHIP TODAY

**Brentwood Ace Plays Brilliantly to Defeat Mrs. Green in Semifinals; Mrs. Steele Loses, 8 and 7**

BY EDWARD LAWRENCE  
Mrs. Harry Grossman of Hillcrest faces Mrs. Dan Jones of Brentwood for the women's golf championship of Los Angeles this morning at 10 o'clock on the Warren G. Harding course at Griffith Park.

Both players won decisively in yesterday's semifinals. Mrs. Jones defeating Mrs. Roy Green of the California Country Club, 4 and 3, while Mrs. Grossman won over Mrs. Mark Steele of San Gabriel, 8 and 7.

Critics who were inclined to believe that the sun was setting on Mrs. Jones' golfing career following a 10 California State and Southern California championships, a spring might glance over the Brentwood's score record for the past week. So far she has trimmed par on every round, winning the medal on Monday with an 81, her first round match with another 81, second round with a 79 and yesterday a sparkling 77.

Mrs. Jones, figured to give Mrs. Grossman a real battle, was behind from the start and was never to catch her rival, who played beautiful golf on fairways and greens. That Mrs. Grossman was not at her best was evidenced by the 87 she turned in, which is far below her usual standard of play. Despite Mrs. Steele's victory over Marjorie Kirkham in the quarterfinals, Mrs. Grossman's one-sided victory was not surprising. The Hillcrest golfer has been playing her usual steady game throughout and should give Mrs. Jones a real battle for the championship.

### MIXED FOURSOME MATCH PLAY STARTS SUNDAY

Mrs. A. E. D. Trubee, chairman of the women's auxiliary of the Southern California Golf Association, announced yesterday that a large entry is expected for the mixed foursome match play tournament, one of the biggest events of the year. The qualifying round is scheduled to be played Sunday over the Hollywood Country Club course. Entries can be made by telephoning the clubhouse, Van Nuys 617.

The tournament will be played over a different course each year, as follows: First round match play, the 19th hole, at Wilshire; second round match play, the 25th hole, at Wilshire; semifinals, Sunday, December 2, at Bel-Air; finals, Sunday, December 3, at Los Angeles Country Club.

### HORNSBY SIGNS PLEDGE NOT TO GAMBLE DURING SERVICE WITH CHICAGO

CHICAGO, Nov. 8.—One of the first things done by Rogers Hornsby after his transfer from the Boston Braves to the Cubs in exchange for five players and more than \$100,000 was to give his pledge to the Chicago club that he never would indulge in gambling of any sort while a member of the Chicago team. Most of Rogers' troubles in the past few years have been over alleged gambling affairs and one bookmaker dragged him into court in an effort to collect something like \$50,000 which he said the star ball player owed him. The Chicago club, realizing the dangers of gambling by ball players, desired to protect itself against possible scandal and had a conference with Hornsby over the matter. It was also reported that Commissioner Landis delivered a strong lecture to the star player on the evils of gambling and urged him to take the pledge that he would not indulge in the pastime in any way while with the Cubs. Hornsby was in Chicago on Saturday, October 27. He was kept under cover but was in conference with Cub officials as well as with the commissioner. He spent only one day here, arriving in the morning and leaving for his home in St. Louis at night, but during that day got a clear idea of the ethical behavior demanded by the Cubs' ball club.

### CAGLE STILL RULES ROOST AS RIVAL STARS FADE OUT

BY ALAN J. GOULD  
Associated Press Sports Editor  
NEW YORK, Nov. 8. (AP)—Gridiron greatness seems to go with red hair. You hear the coonskin-coated brigade these days debate the relative merits of Red Grange, the ex-galloping ghost, and Red Cagle, the Army's Louie a n a lightning. Some \$8,000 will turn out this Saturday in the Yankee Stadium to see just why at this stage of the current campaign Red Cagle happens to be the most widely talked-of backfield ace in the country and as certain an all-American as any candidate can be by the first fortnight of November. Cagle isn't a 1928 flash in the pan. He was one of the greatest backs in the country last year. Notre Dame admitted it and they may vote him a majority again this Saturday when the Hoosiers try Knute Rockne's latest tricks on the Cadets. Cagle appears to have enough stuff to withstand the flux of being labeled a certain all-American midway in the campaign. Quite a few of the others, however, who set out to the tune of the all-star ballyhoo, have hit the chutes. No full-back candidates got any more votes than Cagle.

# Payan Rules Favorite to Beat Farmer Cooper in Go Tonight

**RABBIT PUNCHES**  
**PAUL LOWEY**  
**HIGH ASPIRATIONS**  
POP EMANUEL and his fighting son Armand still have their eyes glued on the heavyweight crown. The setback by Mickey Walker they consider merely a temporary distress note—a fight in which the astute Mr. Jack Kearns gave the battling brawler the w.k. works with his clever ring manipulations. There will never be another little man tossed in the ring with Mr. Armand Emanuel. Pop Emanuel gives you his word on that one. Armand is no longer a light-heavyweight. He has increased his poundage to 185 pounds, and according to Pop his speed, one of his biggest assets, has not suffered in the slightest.

**NAME YOUR OWN**  
AT THE current writing there seem to be plenty of eastern candidates in the field for the honor of meeting the West at Pasadena on New Year's Day. Each day's mail brings suggestions. Mr. Ward Gilliam of Santa Ana proposes Nebraska because he says his fraternity brother Mike Howie is a marvel as a halfback—a deadly kicker, shifty as a broken-field runner must be, and hits the line harder than any back he has ever seen, as well as being adept at passing and blocking.

**LEWIS STALLS FOR TIME**  
IM "Strangler" Lewis, world's heavyweight mat king, who has been signed by Lou Daro, local wrestling promoter, to defend his title against Paul Jones at the Olympic Wednesday night, yesterday declared he wanted more time in which to point for the sensational Texan top-notchers. Lewis, it was reported, asked that the match be postponed for one week, or until the first of the year. The champion has been training hard since his arrival here last Sunday.

**Soccer Teams in Four Tilts on Local Card**  
Four soccer battles that promise to be among the closest of the year are on tap for Southern fans Sunday afternoon at Loyola Field and Pasadena. At Loyola Field the L.A.C. team, which now stands second in the Los Angeles League standings, takes the fast-moving Vikings in the opening game, while in the nightcap the Scots will battle it out with the Pasadena Club. Both of these games should be the hardest kind of battles and a large crowd is expected to turn out for the occasion.

**BILLY SHOWERS LOSES LICENSE IN ILLINOIS**  
CHICAGO, Nov. 8. **HARRY COOPER ENTERS OREGON OPEN PLAY**  
Harry Cooper will play in the Oregon open is the latest word. A. F. Jergins, prominent Long Beach engineer, has enough faith in Harry to back him in the Oregon tournament and is sending him north.

**BROWN WINS THOMPSON TOURNAMENT**  
Eugene Brown won the Roy Thompson tournament at the California Country Club by defeating R. A. Ryan in the final 1 up. The second flight was won by Walter Callahan over V. S. Estes, 1 up.

**SANTA MONICA BABES FAVORED FOR TITLE**  
Blessed with an average line but a good backfield, the Santa Monica lightweights seemed destined to win the Bay League championship after all. With a perfect record of four victories they meet Wilson today with their hearts set on the title.

**VETERANS TO BENEFIT FROM GRID CONTEST**  
The disabled veterans will benefit by the receipts of the football game to be played between Bill Elwell's champion Firemen's team and Lone Star Diet's Town Club eleven at Wrigley Field Sunday afternoon.

**JIMMY FOX WINS PASADENA CLASH**  
Jimmy Fox defeated Teddy Palacios in the six-round main event at the Pasadena arena last night. In the second six-rounder on the card, Red Fraser knocked out Jimmy Mullin in the third round.

**UNDERPAID IS REASON COACH QUILTS POSITION**

## EMANUEL TO BOX ARNOLD

Heavyweights Signed for Battle Tuesday Night at Olympic by Local Matchmaker

Armand Emanuel was yesterday signed to box Mike Arnold, hard-hitting heavyweight from Denver, by the Olympic Club for a ten-round bout next Tuesday night.

ARMAND EMANUEL

The Emanuel has moved to Los Angeles and will spend the winter here. Charles Emanuel leaves today for San Francisco to close up their San Francisco home and will return here Sunday.

Armand has spent the last six weeks in Portland where Denver Ed Martin, teacher of Jack Johnson and other heavyweights of another day, has been showing the Jewish fighter how to punch.

Facilities will come to California as soon as an attraction becomes big enough for him. Of all the talent on the west coast at present Emanuel offers the greatest possibilities.

Either Earl Krolger or Tony Stepanovich will hold down the other wing position, with Bill Selts and Cecil Hoff at tackle, and Cowder at the guard berth opposite Boren. Gowder has been ill this week and if not ready to start tomorrow his place will be taken by Chick Calloway, regular in the position. George Templeton will open at center, with indications that Jess Shaw, the recovered tackle, will also see service in this position.

### WAY TO WORLD PEACE POINTED

Christian Science Lecture at Auditorium

Mrs. Eddy's Views Cited by Senator Brown

Two Commandments Quoted to Show Great Need

"Mrs. Eddy has provided the way in this age not only for individual redemption, but world salvation as well," said Senator William E. Brown, U.S.S., of Los Angeles, member of the board of trusteeship of the mother church, the First Church of Christ, Scientist, Boston, in a lecture yesterday in Philharmonie Auditorium under the auspices of the Eleventh Church.

"She calls the attention of the world," he said, "to the two simple commandments emphasized by Christ Jesus: two rules, which, if practiced, will inaugurate the kingdom of heaven on earth. You will recall that a lawyer questioned the Master to the greatest of the commandments, and you will remember that masterly summing up of all law and procedure in the following immortal words: 'Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbor as thyself.' On these two commandments hang all the law and the prophets. How simple and how efficacious! Yet up to this age they have fallen on deaf ears."

**TWO RULES STRESSED**

"If these two fundamental rules were understood and practiced there would be no need of the multiplicity of human laws—world courts and diplomatic parleys to bring about universal peace."

"After several years of legislative experience I have been greatly impressed with the futility of creating a never-ending procession of new laws to thwart a big collection of new evils. Christian Science reverses all of this and seeks to unite all activity with the one divine principle, God, from whom radiates all law, order and harmony."

**ONLY ONE SOLUTION**

"Mrs. Eddy, with clear spiritual vision, writes thus of the world's problems and their one and only solution: 'One infinite God, good, unifies men and nations; constitutes the brotherhood of man; ends wars; fulfills the Scripture, 'Love thy neighbor as thyself'; annihilates pagan and Christian idolatry—whatever is wrong in social, civil, criminal, political and religious codes; equalizes the sexes; annuls the curse on man, and leaves nothing that can sin, suffer, be punished or destroyed.'"

"The knowledge of this glorious possibility is the great gift of Mrs. Eddy to a world in bondage to sin, disease and death. Is it not self-evident that as mankind learns to know God and His laws and live in harmony with them, not only is the condition of mankind being improved, but the reign of universal and permanent harmony is being ushered in correspondingly? And since this is true let us begin at once to acquire this knowledge so that we may aid in hastening this glorious day—day so well portrayed by the Revelator, who writes: 'And I heard a great voice out of heaven saying, Behold, the tabernacle of God is with men, and he will dwell with them, and they shall be his people, and God himself shall be with them, and be their God. And God shall wipe away all tears from their eyes; and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain: for the former things are passed away.'"

### This Couple's Wedded Life Was Kickful

Answering in kind his wife's suit for divorce, "Alexander the Great," magician and lecturer who in private life is Claude A. Conlin, accused Lillian Marian Conlin in a cross-complaint filed yesterday with kicking him in the stomach.

Mrs. Conlin had charged her husband with knocking her down and kicking her. She asserted that she still suffers from the effects of the beating and kicking. Conlin says he was confined to his room in a Paris hotel for a month from the effects of the kick his wife gave him.

In her complaint Mrs. Conlin said her husband threatened her several times with knives, revolvers and vinegar cruets. Conlin asserts in his cross-complaint that his wife attacked him with a pair of scissors and again with a black jack.

**CRUELTY TESTIMONY WINS DIVORCE DECREE**

After testimony by Mrs. Lillian Conlin that her husband, Carlton Ludlow Meeker, had committed acts of cruelty during their three years of married life, Superior Judge Querina yesterday granted the wife a divorce.

## GUIDING YOUR CHILD

### VACATIONS FOR MOTHERS

By Mrs. Agnes Lyle. No mother can do her job well unless she keeps her own life balanced with sufficient recreation and a daily period of freedom from maternal cares and obligations. There is a type of young mother who not only enjoys her servitude to the tyrant in the cradle,

who rejoices in the fact that if she goes away for even an hour something is bound to go wrong. Even though she complains a little at being tied down, it is evident that she is proud of her indispensability.

Such devotion may be beautiful to contemplate, but it is far from ideal motherhood. One such young mother of my acquaintance spends her days in a monotonous routine of physical work, the purpose of which is to keep the children healthy and the home spotless. She never leaves the house except to go to market, and then she wheels a baby carriage and trails a toddler clinging to her skirts. Day after day, week in, week out, she never for a moment forgets that she is a mother.

Yet she is far from being a good mother. At any hour of the day her voice may be heard threatening, punishing, scolding. The tradesman who comes to her door dreads her short-tempered irritability. The neighbors avoid the sound of her bitter tongue.

Her life is unbalanced. Her natural wish for entertainment and sociability is unsatisfied. Her days are a round of drudgery that has curdled her disposition. She never laughs or plays with the children as so conscientiously washes and feeds and clothes.

She would be shocked if it were suggested to her that she would be a better mother if she spent less time with her children, and more in enjoying herself. A mother is never a good mother with the children as so conscientiously washes and feeds and clothes. She would be shocked if it were suggested to her that she would be a better mother if she spent less time with her children, and more in enjoying herself. A mother is never a good mother with the children as so conscientiously washes and feeds and clothes.

### Stuffed Tomato Salad

Peel four large tomatoes and scoop seeds. Sprinkle with salt and let stand one hour. Chop one pound Red Rock Cottage Cheese with two tablespoons minced green onion, one-half teaspoon minced sweet pickle, and two tablespoons chopped celery. Fill tomatoes with mixture. Bake on lettuce leaves garnished with mayonnaise and stuffed olives.

Can you vision the color and flavor of this salad prepared with RED ROCK?

**COTTAGE CHEESE** of a smooth, creamy richness forms the basis of the appealing luncheon salad pictured above. The flavor of Red Rock brings out the taste variety that makes such a salad a delightful luncheon of itself. It is complete, well-balanced, nourishing and appetizing.

Here is a most satisfying food for active, growing children. And how most of them like it! Physicians of repute say that Red Rock with its generous sweet cream content, is one of the finest sources of calcium, which gives rigidity to teeth and bones.

**COTTAGE MEAT PIE**  
Chop four cups of boiled lean beef very fine and mix with one teaspoonful of finely chopped parsley, two tablespoonfuls of finely chopped onion, two finely chopped pimientos, two teaspoonfuls of Worcestershire sauce and a seasoning of salt, pepper and nutmeg. Butter an earthenware baking dish, fill with the meat mixture and cover with mashed potatoes seasoned with salt and pepper, rub smooth with a knife dipped in milk and mark with cross lines with a fork. Brush

with melted butter and bake in a moderate oven forty-five minutes.

**BREAD DRESSING**  
Cover four cups of stale bread crumbs with four cups of milk and let stand fifteen minutes; squeeze dry and mix with two finely chopped onions that have been fried brown in four tablespoonfuls of butter, add one teaspoonful of poultry seasoning, one tablespoonful of finely chopped parsley, two beaten eggs, and a seasoning of salt and paprika.

**FRENCH RICE SOUP**  
Place four cups of beef stock in a kettle, add one cupful of rice, one slice of onion, one sprig of parsley, and one stalk of celery. Boil for thirty minutes, and press through a sieve into a clean saucepan. Add one and a half cups of boiling milk and a seasoning of salt and pepper. Just before serving add two tablespoonfuls of butter.

**IMPERIAL SALAD**  
Arrange six cups of lettuce leaves on cold salad plates and fill with a mixture of equal parts of peeled and sliced grapefruit, peeled and seeded grapes and broken walnut meats; mix with French dressing and garnish with strips of pimientos and sweet green peppers.

**City Officials Take Steps to Remove Ruins**

Mayor Coyer yesterday conferred with members of the county Board of Supervisors on a plan for wrecking the half-demolished buildings opposite the City Hall on the west side of Spring street north of First street. The Board of Public Works and the City Engineer found themselves blocked by law from removing the buildings.

The Mayor said that the Supervisors will be glad to co-operate in the demolition of the buildings. The county owns one of the half-portion buildings and the Supervisors will demolish this as a start. The other buildings to be removed are owned by private owners.

### WOMAN'S CLUB FIGHTS SUNSET NAME CHANGE

The Woman's Club of Hollywood yesterday protested to the City Council against the change in name of Sunset Boulevard from the Plaza to Hillhurst avenue, to the name Hollywood Boulevard. The Council has received many similar protests. The change of name was proposed by the property owners on Sunset Boulevard between the Plaza and Hillhurst, at which point Hollywood Boulevard intersects Sunset Boulevard.

### HOME TRAINING SHOWS UP AT SCHOOL

When the child proudly displays an A or 1 in "personal appearance" on his card he indicates that his mother is giving him a careful home grooming and just as surely does his "conduct" C or D mirror his home training.

In a near-by kindergarten are two interesting children, interesting because their present behavior is so significant of what their environment has done for them.

The first, a girl, exhibits a peculiar aversion to noise. When anything goes wrong she claps her hands to her ears and screams pleadingly. She makes such a noise when she is taken where there are people, or where there is noise, that she has had to have her astringents to psychologist, and so far there is no indication of anything wrong or any improvement in her conduct.

The mother attributes it to trouble she had with her ears before the baby was born and says that she did not think of this as an explanation until she had exhausted other explanations.

Whatever the cause, the child's behavior is a reflection of her home environment. The mother's attitude and the child's behavior are closely related.

## City Hall Couple to Wed Tonight

Associates of Lester F. Brinkman in the city planning department at the City Hall yesterday afternoon presented him with a bronze electric clock as a wedding present. For this evening Mr. Brinkman is to be married to Miss Ethel W. Kinney. It is a City Hall romance as Miss Kinney is employed in the office of the City Clerk's map and lot department. She is a niece of the Mayor's secretary, H. H. Kinney.

The wedding will take place at the Vermont Square Methodist Church following which there will be a reception at the home of the bride's mother, Mrs. Nellie Kinney at 3808 South Hobart Boulevard. The young couple will take a honeymoon by automobile to San Francisco.

## FITTS TO ADDRESS LIONS

Bureau R. Fitts will be the principal speaker on the Armistice Day program of the Lions' Club luncheon meeting in the Biltmore today. The Harvard Military School band will play, and two buglers from the California National Guard will sound taps for departed veterans. The ladies of the Lions have been invited as special guests. Edgar J. Stanley will be chairman with President Decker presiding.

## New Address

# There Never Was A Coffee Like The NEW BEN-HUR!

Now you can enjoy properly prepared HEALTHFUL coffee

Now you can have coffee that TASTES like fresh coffee smells! —Now you can have HEALTH as well as rich, appetizing flavor in your coffee cup! This more delicious and healthful beverage is possible only when you use the new BEN-HUR Drip Coffee—in the BEN-HUR Healthful Coffee-Maker. Almost overnight public favor has turned to this new and more delicious coffee made the healthful way.

## And you save, too—by making your coffee the new way—with BEN-HUR DRIP coffee

By the obsolete boiling or percolating methods, forty-five cups per pound is a fair average. By using the new BEN-HUR Drip Coffee in the BEN-HUR "Healthful" Coffee-Maker you get many more cups to the pound. This additional amount of beverage produced makes this coffee worth at least 15 cents more per pound than other standard coffees—but costs you no more! Such economy in itself is worthy of consideration and is just another reason why public favor is turning to the new BEN-HUR Drip Coffee.

For those who continue to percolate or boil their coffee, the regular BEN-HUR Coffee will always be available. The new DRIP Coffee is for use only in the Ben-Hur Healthful Coffee-Maker or other makers using the drip method.

**SYMPHONY PROGRAM IS FINE ONE**  
Exceptional Interest is Displayed; Salmond is Warmly Greeted  
BY ISABEL MORSE JONES  
The Philharmonic Orchestra and Prof. Georg Schonevoigt, its conductor, presented a program of exceptional interest at the Auditorium last night. Felix Salmond, the English violinist, played the solo concerto and Bloch's magnificent "Scherzo" with their assistance. The orchestra's offering was Karl Goldmark's "Rustle Symphony." It is a festival work picturing the happiness of a village wedding. It is delightfully easy to listen to and its subjects are immediately audible. Conductor Schonevoigt enjoyed its gaiety and directed it with such sincerity and pleasure that it met with enthusiastic approval. It is more of a fantasy than a symphony in form and the various combinations of instruments, particularly of wood-winds, proved charming. For a popular orchestral number enjoyed by the layman as well as the musician, this Goldmark Wedding Symphony is a brilliant success. Felix Salmond has played in Los Angeles before and attained popularity. He is a sincere and serious artist, possessing a positive gift for ensemble. His musicianship is unquestionable and his spiritual intensity communicates itself to his listeners and draws them to him. A poetic tone and brilliant technical facility characterize his performance. The solo concerto in D minor is a staid work bristling with difficulties which held no terrors for Salmond. Certain rare moods link it to the Symphonie Espagnole for violin, by the same composer, but its melodies are not so ready to be heard. The work of greatest importance on the program was Ernest Bloch's "Tone-picture of the Solomon Tradition." Bloch does not write unimportant music. His own vibrant being quivers beneath the surface of exultant tone in this music symbol of Solomon in all his glory and in his deep tragedy of despair. Twenty years ago upon his entrance into America Bloch wrote this masterpiece and its glory is only just beginning to be widely realized. Salmond realized it last night and the orchestra, too, believed in its greatness and rose nobly to its heights. The program will be repeated this afternoon.

**Love Problems Frankly Told**  
What play critics have generally agreed is responsible for the popular appeal of "The Marriage Bed" at the Mayan, is its frank, realistic treatment of the age-old conflict between physical and spiritual love, and the simplicity of its unfolding. Ernest Pascal exercised unusual care in transplanting his novel of the same name to the speaking stage. He was faced with the problem of marital troubles caused by a husband cracking under the monotony of home life without divorcing, and yielding to a mistress. Mary Body, portrayed by Alice Joyce, is the symbol of tolerance, broad-mindedness and a homely philosophy, scheming her own schemes to preserve her home against the temptation of her sex. For Owen Moore, Pascal has written a role as thick and difficult as the stage has seen in several seasons. Torn between home and the prospect of imminent unfaithfulness, Moore's part is kept to high emotion. **SOUSA PROGRAM TO BE PLAYED TODAY**  
Featuring a program especially arranged to commemorate his golden anniversary at the baton, John Philip Sousa and his band will appear at the Shrine Auditorium this afternoon, tonight and in two programs tomorrow—the first Los Angeles concert in nearly three years. As the march king is celebrating his fiftieth year as a band leader, he has built the program around nearly a score of his own suites. A series of Sousa marches, beginning with "Stars and Stripes Forever," written thirty-one years ago, and striding through three generations of American favorites to one of his most recent march hits, "Minutemen," will be played. For "ballast" Sousa has selected numbers by Wagner, Strauss and Ponchelli, while favorite tunes from the operas of Victor Herbert will be offered as a tribute to the memory of that American composer.

**THREE-RING CIRCUS TO BE STAGED**  
Shrine Auditorium Plans Elaborate Show; Cossacks Will Ride  
Los Angeles Shrine Civic Auditorium, in the presentation of large-scale entertainment, will take another ambitious step Wednesday with the staging of what is said to be the first circus ever presented here on a stage. Three rings have been installed, and for one week performers, horses and other animals will be seen. It is believed that the Shrine presentation will mark the first successful attempt to introduce the true circus atmosphere into a theater. Because of the ample space and the seating capacity of 6000 it will not be necessary to curtail in any way either equipment or action. Outstanding among the fifteen circus acts to be offered will be a troupe of forty Russian Cossacks. These daring riders attracted wide attention by their horsemanship in John Gilbert's picture, "The Cossacks." The riders made their first appearance in London, performing under the auspices of the Duke of York and the Earl of Balfour. In all previous appearances prior to their forthcoming one, the Cossacks have gone through their whirlwind maneuvers out of doors. This will be the first time they perform in a theater. The size of the Shrine stage can be appreciated when it is realized that the Cossacks will use all their horses in one act and will conclude their numbers with a chariot race. Preceding and following the acts will be the premiere showing of the pleasure, "Through the Breakers."

**Sorority Visits Duffy Thriller**  
Since the opening of "Nightstick" at the President, there have been several theater parties arranged by different groups, clubs and college fraternities and sororities. On Tuesday evening, the Chi Omega Sorority at the University of California, will give a benefit party to raise funds for a sorority house on the new university site at Westwood.

**"COLLEGIATE" CRY OF CAMPUS COMEDY**  
That's the cry at the Boulevard Theater where Sue Carol and David Rollins, two popular youthful players, appear in "Win That Girl," jazy, modern comedy-romance of the campus life. Carol and Rollins will make personal appearances at the opening tonight.
